

**Irrigon News Notes**

By Mrs. J. A. SEOUZ

Mrs. Bill Denton came over from Spray Sunday. She took her daughter-in-law Mrs. Lyle McKelkey and children back to celebrate the 4th.

Miss Margaret Gillis, Morrow county health nurse, was an Irrigon visitor Tuesday.

Mrs. Violet Amos took her mother, Mrs. Elmer Rucker, to Pendleton Tuesday to consult a doctor.

Irwin Pierson went to Pendleton to get Mrs. Pierson who has been in the hospital at Pendleton.

Mr. and Mrs. Henry Lathrop of Wallawa spent some time Sunday with his aunt, Mrs. Elmer Rucker. Mrs. Lathrop is a French war bride and he is home from the European campaign.

F. C. Sparks has sold his small place to Ray Schwartzstein of Hermiston and will move to the

other one which the Provancho family have been living on. The Provanchos have a new home in Umatilla.

William Taylor has sold his place to Mr. Keith.

Mr. and Mrs. Howard Gollyhorn and Miss Marilyn Hudson and George Williams left Friday for Portland to spend the week-end.

William Gollyhorn and Lyle and Gene Mulkey went to Olive Lake Saturday to fish.

Henry Miller began harvesting his potato crop on the Dan Herbert place. He is taking them to Spokane.

J. O. Swearingen began harvesting a very light apricot crop Saturday.

Mr. and Mrs. Fred Adams and son Robert went to The Dalles Sunday. They returned the same day. Their son Donald has been there for some time.

Mrs. Marshall Markham and daughters will join Mr. Markham in Spokane for the holiday.

The Assembly of God church members are to have an all day meeting at the church with a basket dinner. The men will work on the building.

Mr. and Mrs. Glen Goodson and daughters Jeanna and Anne of Ravenwood, Mo. spent a few weeks visiting her sister, Mrs. Roy Minnick and family, and on the coast. They started back to Missouri Monday.

Mr. and Mrs. Leroy Matheny opened up their restaurant in the building they purchased of Mrs. Allie Haberlein.

Mrs. Hazel Steagall and Mrs. Rena Seites arrival home from an extended vacation trip in California. They drive the school bus during the school year.

W. T. Andrews, a postal inspector was in Irrigon on business. He

gave Mrs. Warner, the local postmistress, a rating of excellent. Maxine Steagall returned from Kinzua Friday where she had been visiting relatives.

Mr. and Mrs. Russell Falgren of Pendleton were Irrigon visitors Monday.

**PHONE INSTALLATIONS HIT NEW HIGH IN WEST**

The Pacific Telephone and Telegraph company, serving Oregon, Washington, California, Nevada and parts of Idaho, has installed more new telephones since V-J day than in any other similar period in history, declared N. R. Powley, president, in his quarterly report to shareholders just received by B. F. Pickett, manager of the Pendleton district.

Mr. Powley's statement follows: "Directing our efforts as we have to render service as rapidly as possible to all who want it and to make our service even better than has ever been before, the 2,886,000 telephones in service as of May 31, 1946, include an increase of 254,000 since V-J day, of which 183,000 were added in the first five months of this year—an unequalled increase in any similar period in the history of our company."

**EXAMINER COMING**

A drivers license examiner is scheduled to be on duty at the court house in Heppner between the hours of 10 a.m. and 4 p.m. Tuesday, July 9, according to announcement from the office of Secretary of State Robert S. Farrell. Persons wishing licenses or permits to drive are asked to get in touch with the examiner well ahead of the scheduled closing time in order to assure completion of their applications with a minimum of delay.

Guests at the Conley Lanham home the past week were Mrs. Mildred Lanham and Mrs. Merle Puffer and daughter Norma Rhea. The ladies are mother and sister, respectively of Mr. Lanham. Mrs. Puffer left Saturday but Mrs. Lanham and granddaughter are staying here indefinitely.

**NOTICE**

In order to comply with present cal offices will be closed Saturdays during the months of July and August.

Dr. Dale Rothwell  
Dr. Wm. C. Stram

FIDELIS UNREIN, Editor

Howdy Folks: The chief difference between the movies and real life is that in the movies they get married after all their arroubles are over.

AT THAT THE MOVIES WOULD BE BETTER OFF IF THEY SHOT LESS FILM AND MORE ACTORS.

And "screening" a picture doesn't take the trash out.

We shouldn't be so harsh on the movie actors, though, in view of the fact we had stage ambitions once.

We got as far as having our leg in a cast, anyhow.

WE WILL GO A LONG WAY TO MAKE A FRIEND OUT OF A CUSTOMER.

That's why we like the brake, motor tune-up, front end alignment, and radiator service business. It is possible to make friends as well as customers.

**IN 1936 I WAS JUST THIS SIZE!**

REDDY, THE INDUSTRIAL WORKER, IS GROWING FAST. Today, Pacific Power and Light is delivering four times as much power to industries as it did ten short years ago in 1936. This has been a steady, year-by-year growth—right along with industry itself. In the past twelve months alone, 84 new job-producing industries have been added to the long list of progressive enterprises that plan their growth with power from Pacific! This remarkable growth in industrial power use during the past ten years reflects the healthy progress of business and industry throughout the great region which PP&L has been helping develop since 1910. It means more jobs, broader markets, and benefit to all who, like PP&L, have a stake in the welfare and progress of the area.

- 1. RESEARCH ADVISORY SERVICE... a valuable new service recently introduced here by PP&L to help its customers solve production and marketing problems. The facilities and knowledge of 900 participating laboratories are available without charge to PP&L customers.
- 2. NATIONAL ADVERTISING... By direct mail to the nation's business and industrial leaders and through attention-getting advertisements in national magazines of wide circulation, PP&L has been telling the story of the advantages this region has to offer new industries.
- 3. ON THE SPOT DATA... Ready with accurate and detailed facts on raw materials, markets, transportation, plant sites and power supply are PP&L's industrial engineers, who keep closely in touch with every new development.
