"HERE'S HOW YOU CAN BE LIGHTHEARTED ABOUT HEAVY EQUIPMENT"

Brother, you can put worry away in moth balls when you use RPM Heavy Duty Motor Oil. From the moment it flows into your heavy-duty engines, heavy-duty trouble in the shape of carbon and gum gradually gets cleaned out. Patented compounds in this oil keep a rugged oil film on hot spots, cut corrosion, prevent air bubbles. Relax with RPM Heavy Duty Motor Oil—it's designed to process motors with high horsepower!

FIDELIS UNREIN, Editor
Hello Folks: Broke down and spent a pleasant hour at the Star theater the other night.

A young man sitting in front of us addressed his sweetie as "Dove", but the only thing dove-like about her we could see was the fact that she was pigeon-toed.

We are convinced that while some folks love to go to the movies, other folks go there to love.

Speaking of love, a friend of ours says that real love is when you sit up until the cows come home.

Of course the only way to find out whether love makes the world go round is to give it a whirl some time.

By the same token, if you'll give our SERVICE a whirl, you'll discover a value beyond compare.
