## a Farmers Security

### THE FARMER IS IN BUSINESS FOR HIMSELF

The wise farmer knows he must make sound investments, must plan for his own retirement. He knows that insurance is dependable and that it fits his needs and his pocketbook. Well planned life insurance has as much of a place in good farming as plowing, seeding and harvesting. For life insurance makes cash available at the very time it is vitally needed. Right now, life insurance is providing farmers with money to:

- pay off farm mortgages
- educate farm boys and girls
- enable widows to keep families together—operate farms with hired help;
- permit comfortable retirement after active years are over.

Above all, the foresighted farmer uses life insurance to provide a Cash Fund to clean up bank notes, last expenses, and outstanding bills at stores. For sound life insurance in a company with a century-long record of stability, mail the coupon.
