It Was a Good Show

It was a good show—one of the best ever—according to expressions heard on every corner or wherever a group of Rodeo visitors happened to be discussing the show. There was entertainment for all and aside from accidents on the first day, due to wet weather, the program went off with dispatch.

Due to conflicting dates with other shows, not as many top hands put in appearance this year as last, but the boys who did appear were willing and worked hard to make a real show of it. Their sportsmanship rates high praise from the association and all the cash customers.

To the Rodeo directors let it be said that theirs has not been a thankless task. Words of praise for the condition of the grounds and the general conduct of the show have come from every side. It was hard work, expensive work, and none but the ungrateful will hesitate to commend these public spirited men for their enterprise in preparing a place for the public at large to spend a few pleasant hours.

Lack of space forbids proper comment on the Irrigon band which provided music for the show Friday and Saturday. Briefly, let us say "keep your eye on this splendid organization. It's going places."

All Good Things Come To An End

With the beginning of school the Heppner Market is forced to discontinue an every day delivery service until daily delivery service becomes available.

Regular three-day service will be made each Monday, Thursday and Saturday, leaving at 10 a. m. for downtown and at 3 p. m. for uptown.

NO INCREASE

IN THE PRICE OF

Holmes & Edwards Inlaid Silverplate

GREAT NEWS for so many women who are determined to wait for the famous silver-plate that's Sterling Inlaid—Holmes & Edwards! The manufacturers have announced that they plan no price increases during 1946, despite mounting costs in every phase of silverware production. This means we can continue to make regular deliveries of this fine silverplate at no change in price.

We'll be happy to advise you in the selection of your Holmes & Edwards pattern.

Report to people who are waiting for telephone service

We've added telephones almost twice as fast as ever before... but orders keep pouring in

More than 324,000 telephones have been added on the Pacific Coast in the first full year since the war. During the first half of 1946 we added telephones almost twice as fast as ever before. Still, there is a tremendous job yet to be done. The Pacific Coast is continuing to grow rapidly. New applicants for telephone service have been pouring in at double the rate a year ago.

But we are doing our best to catch up. Millions of dollars worth of new equipment is on the way.

You may be certain that we will bring you your telephone just as soon as we possibly can. Thank you for your patience.
