Rural Mail Service 50 Years Old

A half-century of service to rural America is observed by the post office department in October, for in 1896 three routes were established in West Virginia to inaugurate the federal system of rural free delivery. By way of marking the anniversary, Mary E. Garner, Rochester, Mich., greets Rex Dolph, of the R.F.D. service, with home-made doughnuts guaranteed to cause a minor interruption in this courier's "swift completion of his appointed rounds." Approximately 26,000,000 Americans are served by R.F.D., and with U. S. mail traveling by skis, dog-sleds, ice-boats and snowshoes, Carrier Dolph gets there faster in his new Chevrolet.

A WORD OF APPRECIATION

Having turned the insurance business back to Miss Eva Swanson after conducting the agency for two years, I want to express my appreciation to the people of Morrow County with whom I have had pleasant business relations and who have given me such loyal support. I am leaving here to become associated with a large insurance agency in Eugene, in which I am acquiring an interest.

Sincerely,
W. G. BELL

Perhaps our work seems a little raw, but it shouldn't; it's been roasted enough already. We offered a poem to a publisher once. Didn't ask any pay for it; just offered it as a compliment. He returned the compliment.

Poets are born, not paid. Yeah, that's the trouble, they're born.

Writing poetry is a gift, but the trouble is most editors won't accept it as a gift.

If you'll accept our invitation to try our motor tune-up it will be a mutual transaction. We'll appreciate your business.
