Capitol News Letter...

By MURRAY WADE

STATE FUNDS EARMARKED

In looking over monthly financial reports of the state treasurer many people get the erroneous idea that the state of Oregon is overburdened with idle cash. Such misapprehensions are forever creating raids for state support of some "ism" by lobbying pressure groups at the legislature or by initiative petition crusades.

About 97 per cent of the state funds listed in the report of State Treasurer Leslie M. Scott, issued October 1, are "untouchables," allocated for some specific purpose, either by a vote of the people or by legislative enactment.

Of the \$185,575,500 total listed, \$67,289,000 is in the unemployment compensation fund, held in Washington, D. C., "frozen" as a federal-state participating account. The state general fund is the next largest item, \$30,551,000, budgeted for state "running expenses." The \$17,926,251 of highway funds is specified by law for highway construction, bridges and state parks, with the exception of a percentage, this year amounting to \$2,000,000 for counties, and \$1,000,000 for cities, and the maintenance of state policy. The state building fund now totals \$9,998,764, voted by the people and appropriated by the legislature. There now is \$5,373,651 in the liquor fund (the commission having just sold their Kentucky distillery) which goes to the public welfare fund along with heavy profits. The industrial accident fund is fixed by law for industrial accident compensation. The public assistance fund has \$1,616,277 derived from past liquor profits, and marked for old age assistance. The higher education fund now has \$1,837,394, voted by the people and by appropriation by the legislature. That is the pattern of reports. There is no considerable amount of money in the state treasury that is not obligated for state expenditures.

DEAN OF SENATE DIES

William H. Strayer, veteran of the Oregon senate, died last Friday at a Baker hospital following a stroke. He was the oldest member of the legislature in point of years of continuous service. He was first elected in 1914 to represent Baker county and was elected for seven successive terms on the democratic ticket. He was born in Freeport, Iowa, in 1866 and came to Oregon in 1906.

DAYS OF COMMEMORATION

Bulletins issued this week by Governor Earl Snell called for public observance of Bible week, October 21 to 27; Navy day, October 27th and the anniversary of the birth of Theodore Roosevelt, October 27th.

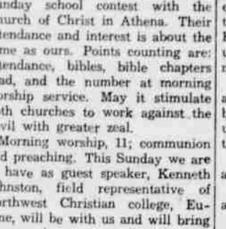

"During Bible week," said the governor, "I urge that we all take time to review the great religious truths present in all faiths, and creeds, in order that we may gain a better understanding of the way of life which, if observed, can only serve to make us all happier and more worth-while citizens of the world." Of Navy day the governor said, "On this day in many parts of the world, appropriate floral tribute will be paid to the thousands of young men who gave their lives in the service of the United States navy during this most recent, and other, wars. On this day I suggest that state and national flags be displayed prominently and that proper attention be directed to the observance of the day." In endorsing the observance of the birth of Theodore Roosevelt he said, "It is only fitting that we pause to honor this man who, as a life-long public servant, soldier, statesman, president and father of the modern navy, served his country well and faithfully—who was the originator of many laws and projects which then and now bring great benefits to the American people."
