

Federal All-Risk Crop Insurance Offered Farmers

Morrow county farmers can protect their investment in the 1947 spring wheat crop by taking out Federal all-risk crop insurance now being sold by agents or at the county agricultural conservation (AAA) office in Heppner. Chairman Henry Baker of the county committee states:

The crop insurance program for wheat is unchanged from last year, he said. The protection is against coverage loss from all unavoidable hazards. Farmers have a choice of several coverages or amounts of insurance for their farms. Premiums do not have to be paid for several months.

Crop insurance contracts are

for three years. Farmers who already have contracts in effect do not have to re-sign this year if their contract started with the 1945 crop they should be thinking about renewing crop insurance for 1948. Chairman Baker said.

All of the premiums paid in for crop insurance protection are used to pay losses of insured farmers, he stated. The cost of operating the program is paid by the government.

Under certain conditions the amount of the premium may be reduced for an individual farmer. Reductions depend upon continuous participation and good production experience. Some insured farmers in Morrow county will have reduced premiums as a result of these provisions. Farmers may obtain details about crop insurance from agents or from the county office. Henry Baker urged all wheat farmers to investigate crop in-

urance to find out how it will protect the money and labor they will invest in their 1947 wheat crop.

PUBLIC HEALTH MEETING

Mrs. Claude Graham, president of the Morrow County Health association, has called a meeting of the group to be held at 8 o'clock p. m. Monday, Feb. 17, in the office of the county welfare board in the City Building. Business to come before the meeting is of sufficient importance to demand a good turnout of the membership.

AUXILIARY TO EMPHASIZE AMERICANISM PRINCIPLES

"This is a great country. Let's keep it that way." This is the theme of the American Legion Auxiliary for its activities during February, and Americanism will be emphasized, according to Mrs. W. A. Blake, Americanism chairman of Heppner unit of the auxiliary.

Development of a fuller appreciation of the advantages the United States gives its citizens and better understanding of the free form of government which makes this possible is one of the goals of the Auxiliary's Americanism work.

February activities will center around the observance of the birthdays of Lincoln and Washington. Special Americanism meetings will be conducted by units in all parts of the county. Playlets, skits and quiz contests will be among the means used to bring out the democratic principles upon which the nation was founded.

Next meeting will be at 8 p. m. Feb. 18, at the home of Mrs. Ethel Adams.

1 STOP SERVICE FOR YOUR CAR

We invite you to enjoy our COMPLETE AUTOMOTIVE SERVICE for all makes of cars and trucks. Our service department is a "miniature automobile factory" so to speak... where you can get anything from a wash job to a complete rebuilding job, without worry or care. EVERYTHING THAT IS BEST FOR YOUR CAR AT A PRICE YOU CAN AFFORD TO PAY.

LUBRICATION

Yes, we know how to completely lubricate your car, and have the right kind of equipment and specialized lubricants to do a thorough job. Don't neglect having your car lubricated at proper intervals—and the old oil changed regularly. It is the best "long life" insurance that you can have for your car.

BRAKE SERVICE

Proper Brake Adjustment and wheel alignment is so important—not only for SAFETY... but also wear and tear on car and tires. Faulty brakes cause serious accidents... and it's not safe to drive a car if brakes are not working properly.

MOTOR SERVICE

The cost of a motor tune-up is slight compared to the pleasure and economy that it gives you in the operation of your car. We also install new rings, new pistons or rebuild your motor if necessary.

RADIATOR AND BATTERY SERVICE

A lot of grief can be caused by Radiators all being stopped up. They should be cleaned out thoroughly before you put in ANTI-FREEZE. Batteries need water and looking after too.

TIRE SERVICE

Rotate Tires for longer wear. Be sure to have brakes and holes in the casings vulcanized and repaired. We handle NEW TIRES and are glad to take care of all your tire troubles.

Transmission, Clutch And Rear Axle

When you hear a grinding noise be sure to have it looked after right away. Or a slipping clutch may mean a BIG REPAIR BILL if not looked after. OUR COMPLETE SERVICE INSURES COMPLETE SATISFACTION.
