Two members from Irigon were selected to act on the board, Don Kenny and Calvin Allen, and it was voted to have the fair at Boardman. Attending from here were President Ralph Skoubo and Mrs. Skoubo, Clyde Tannehill and Russell Miller.

Monday evening after school the teachers surprised Mrs. Velva Bechdolt on her birthday with a tea party. The tables were decorated with green candles and shamrocks. Refreshments of ice cream and cake were served. Miss Ann Jones and Mrs. Catherine Christensen planned the party.

Mrs. Velva Bechdolt, third and fourth grade teacher, had a St. Patrick's party in her room Monday afternoon, for the students.

DOMESTIC RESERVE DEPLETED

During the first half of 1946, American industry borrowed 355 million pounds of fats and oils from reserve stocks. Due to the depletion of these reserves, this will not be possible this year and so the need for salvaging used cooking fat becomes even more urgent than before.

RESOLUTIONS OF RESPECT

Whereas, Our Heavenly Father has called our sister, Margaret Justus, who was a faithful member of San Souci Rebekah Lodge No. 33 of the Independent Order of Odd Fellows for long years until illness confined her to her home;

Therefore, be it resolved, that San Souci Rebekah Lodge No. 33 drape the Charter in memory of our departed sister, and be it further resolved that the deepest sympathy of the lodge be extended to her family, and that a copy of these resolutions be spread on the minutes of San Souci Rebekah Lodge No. 33 and that a copy be sent to the bereaved family.

Sister Justus who lived a long and useful life for her family and friends has now been called to her reward.

"Even death has a wonderful mission. Though it robs us of those we love; it lifts our hearts from our surroundings. To long for that meeting above. No matter how great the despair. Doesn't Heaven seem nearer and dearer. To know that our loved ones are there."

Lucy Rodgers, Mable Craffie, Clara Gertson, Committee.

ams; leader, Mrs. Claud Coats. Meeting time Tuesdays, 4:50 p. m.

OFFICERS CLUB TO HOLD BOX SOCIAL

An oldtime box social is being sponsored Saturday evening by the Officers' club of Ruth chapter No. 32, Order of the Eastern Star. The affair is for members of the order and their husbands or wives as the case may be, and is being given by the club to raise funds for the Heppner school band.

Members are urged to be on

hand early to make it possible to hold the auction and have dinner by 7 p. m. A program will follow the auction and dinner.

Miss Margaret Gillis, county public health nurse, left today for Portland to attend the third annual meeting of the Oregon Association of Public Health Workers which is to be held Friday and Saturday at the Multnomah hotel.

From where I sit... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven). From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

What goes on in a manhole?

Come on down... and see where your voice goes as it flashes across the city in a telephone call. For in most places now a major part of the voice arteries you use are underground... in a huge network of cables some of which are nearly three inches across and may carry up to 4242 individual wires.

Manholes are normally located at street intersections and they're used to install cable and to facilitate repairs when something goes wrong. The exact location of a break or defect can be spotted quickly with a device known as a Wheatstone Bridge. The "Men Working" signs you see usually mean that cable is being spliced by skilled workmen.

They're busy places, these manholes. During 1946 alone on the Pacific Coast we installed hundreds of miles of underground cable—more than 560,000 miles of individual wires—as just part of keeping pace with the West's tremendous growth. Yes, we are going ahead as rapidly as we can in bringing service to everyone who wants it—and a finer service than ever before.

An ever-improving telephone service at the least cost consistent with good usage and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.
