Morrow County Landscaping Meeting

R. Ralph Clark, extension horticulturist at Oregon State college gave two landscape meetings in Morrow county last week. The meetings were given at Boardman and Heppner before an interested audience of men and women.

The goals of landscaping, said Mr. Clark, are threefold, beauty, attractiveness and comfort. Our success in life is often judged by the appearance of our home grounds, which do not need to be large and expensive to be beautiful.

Landscape the home grounds to protect the driveways and doorways from the wind. On the farm landscape the home yard from the farm yard and hide the unattractive articles by plants, shrubs or hedges.

Many interesting and usable ideas were given. One very important idea to keep in mind is to plan plantings to extend over at least four or five years.

Improving your home grounds through landscaping is fun. We have too little enjoyment in life. Do not miss this chance. You can do the job.

The meetings were arranged in Morrow county through the home demonstration agent's office.

Mrs. Jack Van Winkle and her daughter, Patricia Louise, came home Saturday from the Pendleton hospital.

Mr. and Mrs. Charles Vaughn left Monday for Portland on a vacation trip.

Why the Drive Against Cancer Deserves Your Support

In 1936 there were 142,613 cancer deaths in the United States alone. There has been a constant increase in the death rate every year since. It is estimated that 184,000 of the 700,000 now suffering with cancer will die from this dread disease during the year.

About 25 per cent of those who become afflicted with cancer are now cured by surgery, radium or x-ray treatments. This percentage can be increased to at least 50 per cent by public cooperation with the program being sponsored by the American Cancer Society. The two-fold purpose of this program is first to make the known facts available to the public by printed pamphlets and constant encouragement for widespread reading, and secondly to promote a wider field of research to determine new cures to fight the disease.

- The funds to be collected each year during April are being expended wisely. 60 per cent will be retained by the State Committee to be used for Cancer education, service and facilities. 25 per cent will be used to further National Research. 9 per cent for national educational programs. 6 per cent for administrative expense.

Last year Morrow County raised \$746.00. This year we are certain that with your cooperation we can raise \$1,000 without burden to anyone. Please make your donation payable to Cancer Drive, and deliver or mail to Heppner Branch, First National Bank of Portland.

Whether or not you feel able to assist this campaign with a donation, please do your part by obtaining and studying a part or all of the pamphlets made available by the American Cancer Society and on display at the above named bank. Read this information carefully and pass along to friends, and your effort will be doubly effective in furthering this program. Let us now become fully aware of the inroads being made by cancer upon the future health and happiness of our entire country, and be prepared to fight if that dread disease strikes in our home or the homes of those close to us.
