

### News From C. A. Office

Twenty-five thousand pounds of poison bait were spread between Boardman and the bombing range last week in an effort to control the Mormon cricket in-

festation there. Crickets are moving toward the Boardman project on the south and west sides but have been kept back from 1 1/2 to 2 miles from the fields. With the splendid cooperation of the individual farmers, county court and bureau of entomology it is believed the crickets can be controlled with a minimum damage to crops.

Newest "co-ed" to arrive on

the Oregon State college campus is Juliana 18th, member of the royal house of Hereford. She came to the animal husbandry department as a gift from the famous Wyoming Hereford ranch at Cheyenne.

Department members say she along with other high bred stock recently purchased from the Stearns ranch at Prineville and the Hildebrand estate in Kelseyville, Calif. has been added in

**THE HOUSE THAT JACQUES BUILT**—One veteran's answer to the housing problem—he built his own home, and didn't pay a cent for his material! Lucky Jacques Brownson (inset) of Aurora, Illinois, was furnished plans, instructions and all materials by the editors of Popular Mechanics Magazine to help them prove a pet theory—that any man who can build a table lamp or a bunk-bed could build his own house if given simple step-by-step directions. Now the magazine is publishing a book which the editors claim will enable anyone to build the same house. Jacques and his bride moved into the house on March 29.

### Worth Waiting For!

You'll be thrilled... when the waiting is over and those sparkling new electric appliances arrive. We're doing our share of waiting, too, for hard-to-get powerlines and substation equipment.

Rising production means your local dealer should be getting more electric irons, ranges and washers in the near future. When yours does arrive you're in for a pleasant surprise—for operating costs are the lowest ever.

Remember, PP&L rates are only half the national average!

# Special Election

—for the purpose of authorizing the Mayor and Common Council of the City of Heppner to issue Water Bonds in the sum of \$75,000 with which to build a reservoir, and repair, extend, and improve the water system and water pipe lines of the City, will be held between the hours of 8:00 A. M. and 5:00 P. M.

## Tuesday, May 6, 1947

in the Council Chambers of the City Building

The city authorities must have voter approval of the charter amendment to enable them to proceed with the construction and expansion program. Your vote is vital to the best interests of the community, for without an adequate water supply further growth will be curtailed, if not completely checked.
