Daily vacation bible school through Friday, from 9 a.m. until noon. The Cooperative church and will continue for two weeks, Mondays.

### Good-neighbor policy party-line style

To provide telephone service to more people, there are more party lines in use these days than ever before...and most telephones are busier than ever before. When you share a line with one or more parties, you'll all get the most from your telephone service if you'll remember...

### Five Golden Rules for party-line neighbors

- Space your calls instead of making an extended series of them...and talk only as long as necessary.
- If yours is an emergency call, and the line is in use, explain the circumstances to the person using the line.
- If you are calling from a dial telephone, always make certain the line is clear before you dial.
- Ask your youngsters not to monopolize the telephone.
- Replace the receiver properly when you finish your call.
