

News From C. A. Office

Due to the decreased budget for 1947, the farm labor office that has been operated at the Hepner hotel with R. B. Rice in charge, will be closed Friday,

July 25. The office has been making placements of farm labor the past month. In recent years it has been possible to keep the office open until later in the season, taking care of the heavy demand by farmers for labor. The county agent's office will continue as the farm labor office after July 25.

39 farmers during the month it has operated at the Hepner hotel. In addition to these placements Mr. Rice has been a clearing agent in getting surplus workers out to surrounding areas and counties where labor was needed.

A good mineral mixture for pigs consists of 100 pounds of ground limestone, 100 pounds of

steamed bone meal and 50 pounds of salt. The mixture should be kept before the pigs at all times.

Morrow county stockmen who do not have livestock brands recorded with the state department of agriculture will find it desirable to establish such brands to comply with provisions of Oregon's new livestock identification and theft prevention law.

Brand inspectors will, in most cases, accept a healed recorded iron as proof of ownership, whereas they will not accept an unrecorded iron. The procedure in recording the brand is as follows:

Send in a sketch of the desired brand and application for its recording to M. E. Knickerbocker, Chief, Bureau of Animal Industries, State Department of Agriculture, Salem. If the brand is already registered to some other stockman, applicant will be notified and a new brand must be chosen.

A small fee is charged to cover the expense of maintaining records on brands.

John Healy, Butter creek farmer and rancher, is just one of the many Morrow county stockmen who have been spraying their cattle the past week for flies. Mr. Healy reports that his herd was sprayed at the rate of 4 pounds of 50 percent wettable DDT per 100 gallons of water and that results are wonderful. The sprayed cattle are showing no discomfort from biting flies as was the case before the spraying was done.

Mr. Healy has nothing but praise for DDT as a means of controlling cattle lice also. He was a bit skeptical on using DDT and that it would do what had been claimed for it. But now Mr. Healy is a firm believer in the use of DDT for insect and parasite control. He plans to continue to spray for lice and fly control in his herd when the need arises.

Plans for the annual Morrow County fair are well under way with work on the grounds and buildings started this week. The premium list is in the process of being tabulated and we hope it will be printed before too long so that all farm families can have a copy of it soon.

In the meantime the fair board wishes to remind farmers that it is not a bit too early to be planning and preparing exhibits of grain, wool, hay, fruit and vegetables for the fair.

Remember the dates, September 4 and 5.

ASSEMBLY OF GOD
Shelby E. Graves, Pastor
Rev. Walker Hall, missionary on furlough from China, will be the speaker of the evening service, Sunday, July 27, at the hour of 8 o'clock. He will also show pictures of missionary work in China. This service will be interesting to everyone.

Mr. and Mrs. Paul Webb were visitors at the Howard Cleveland home this week, coming from their home in Walla Walla for a few days.

Bessie Flint, cook at White's cafe, received severe burns on her face, arms and legs Friday when she attempted to light the oven of the gas stove and the gas exploded in her face.

Mrs. Mildred Bergstrom, clerk at the Red & White store, is spending her vacation at the coast.

Mr. and Mrs. D. E. Hudson and their guests, Mr. and Mrs. J. C. Anderson of Missouri, spent the past week at the coast. This is the Andersons' first visit to the northwest and the Oregon coast.

Jesse Coats of Hardman was a business visitor in Hepner the end of the week.

T. H. Deen of Portland visited in Hepner last week with his sister, Mrs. Bertha Johnson and son, Delbert Deen.

Mrs. Sara McNamer, Mrs. Lucy Rodgers and Mrs. Mable Burkentine left the first of the week for a vacation trip to the coast.

4-H Champion Beef Club News

The meeting of July 13 was called to order at the W. E. Hughes ranch by the vice-president, Ronald Baker. The minutes of the last meeting were read and approved. Twelve members were present at this meeting.

Rodger Palmer, Dean Graves and Duane Baker gave reports on the judging tour held at Moro, July 1 and 2.

Mr. Anderson, county agent, handed out and discussed price lists from the Eastern Oregon Wheat League Fat Stock show. He also reported club members sold \$3492 of club animals.

The next meeting is scheduled to be held on August 23 at the fair grounds to clean up and fix it for the coming fair to be held September 5 and 6.

All club members are to get their letters of thanks out to the buyers of the calves sold at the Eastern Oregon Wheat league sale.

Mr. Anderson showed a group of the Sherman-Ferguson calves taken at The Dalles.

Since there was no further business the meeting was adjourned.

Refreshments were served after the meeting.

Questions regarding continuance and completion of 1947 home economics 4-H clubs, in the absence of a home demonstration agent, have been asked. The county agent asks that all 4-H home economics leaders and members who have questions write on contact this office. All clubs will be completed as far as possible. Leaders of these home economics clubs will be contacted as soon as the agent is able to get around to all within the next two weeks.
