Game Commission Announces Final Hunting Regulations

Reconvening on July 26 the hearing adjourned from July 22, the Game Commission adopted the final hunting regulations for 1947. The regulations remain about the same as the tentative ones announced two weeks ago, but a few changes were made. The concurrent elk and deer season in southeastern Oregon was eliminated and that area will be open to elk hunting at the same time as the rest of eastern Oregon, October 25 to November 16. The deer season for the entire state will be as announced before, October 1 to October 20. The bag limit for elk in all the open counties will be one bull elk having antlers with three points or more. This regulation is designed to assure an adequate future crop of bull elk and in reality protects only the spike elk because forked horn elk are extremely rare. The open elk area in western Oregon was enlarged by adding part of Douglas and Coos counties and now the following area will be open during the open season from October 25 to November 2: Clatsop, Columbia, Lincoln, Lane county except that part of the area south and west of the Siuslaw river, and the following described areas in Coos and Douglas counties: Beginning at the junction of the Umpqua river Highway No. 38 with U. S. Highway 101 at Reedsport; thence east along Highway 38 to junction with U. S. Highway 99 at Drain; thence south along U. S. Highway No. 88 to junction with State Highway 42 near Dillard; thence west along State Highway 42 to junction with U. S. Highway 101 at Coquille; thence north along U. S. Highway 101 to Reedsport and the point of beginning. There will be no special doe deer tags issued this year and no tags for special elk hunts with the exception of one area near Ukiah, for which 100 tags will be issued for elk of either sex during a special season from December 13 to 16. No changes were made in the pheasant season and it will be open from October 22 to November 2 in the counties previously announced and from October 22

Federal Housing Authority Changed

The name of the Federal Public Housing Administration has been changed to "Public Housing Administration" as a result of the President's Reorganization Plan No. 3 which became effective upon adjournment of Congress. Jesse Epstein, regional director of the agency, announced today. Under the reorganization plan the National Housing Agency becomes the "Housing and Home Finance Agency." Its three constituent operating agencies are Public Housing Administration (formerly PHA), the Home Loan Bank Board (formerly Federal Home Loan Bank Administration) and the Federal Housing Administration (FHA) which retains its same name. Consolidation of the Seattle regional office of the FHA and the San Francisco office will take effect August 31, Epstein said. The Seattle office as Region VI. The new, combined region will be known as Region I. Epstein has been appointed director for the combined coast region following the resignation of Langdon Post, director of the San Francisco region. The new region will include ed to deer hunting only and will include Coos, Curry, Douglas, Crook, Wasco, Sherman, Jefferson, Hood River, Wheeler, Gilliam and Morrow. Additions to the gun regulations include the following: It will be unlawful to hunt any wild animals or birds with Johnson and Garand semi-automatic rifles, M 1 military carbine and machine guns, and any foreign made military semi-automatic rifles and machine guns. Use of any full metal jacketed solid nose bullets also is prohibited for the hunting of elk and deer. Three Sisters game refuge was added to the list of refuges to be opened to hunting. The list of closed areas remain the same except that the McKay creek area in Crook county will be closed

LAW OF SURVIVAL

The steady stream of breath-taking events that surround us call for the use of greater amounts of nerve energy than in the good old days. To survive one must be on his toes constantly. —permits a full expression to nerve energy. It enables you to keep up in front of the crowd because of the great reservoir of nerve power you have at your disposal at all times.

LIVE AND LET LIVE

THE PRESIDENT OF THE UNITED STATES: "The problem of lowering the highway death rate remains one of the nation's most serious problems. It is an appalling fact that 33,500 American citizens were killed in automobile accidents in 1946. I therefore call upon every State and every community in the land to work unceasingly through 1947 to promote highway safety.

"Laws and regulations will be of little avail unless the individual driver holds himself strictly accountable to his own conscience."

That call is to you personally to cooperate as a citizen of the United States in helping reduce highway accidents. It is a shameful record when in one year 33,500 lives are sacrificed; 1,150,000 persons are injured and \$750,000,000 in property destroyed, resulting in an economic cost to the nation of \$2,000,000,000 because of careless, reckless driving.

It is a national problem, but essentially the solution is in your hands. Drive safely—live and let live!
