There's A Reason For Everything . . .

That's why we feel called upon to explain our inadvertent effort to change the date of the Heppner Rodeo. The trouble is that the ad writer can't count above 6, and knowing there should be three numbers he started with 4-4-5-6-see? Since last week he has expanded his knowledge in figures and can now count to 7. So the Rodeo dates read: **September 5-6-7** as of this date.

Incidentally, we know most people are particular about their figures. They want their clothes to set them off to the best advantage. That's why we're so busy keeping their clothes cleaned and pressed.
