

KINZUA NEWS . . .

By Elsa M. Leathers

A new water tank is in the making for Kinzua's water supply, on the hill by the school house, and has a capacity of 30,000 gallons.

A meeting was held by local veterans in the conference room to organize an American Legion post here. The post is to be named in honor of Marshall Sargent,

who was killed in action in France. Joe Schott was elected temporary chairman, and Sterling Wham, secretary. The first meeting is to be August 22 at 7:30 p.m. Regular officers will be elected at that time. All ex-servicemen and women are urged to attend to help form this post. People of Morrow county will know Marshall Sargent as the son of Mr. and Mrs. Floyd Sargent, and nephew of Mrs.

Lewis Batty, now of Monument.

Mrs. Margaret Elder of Monument spent last week visiting at the home of her sister, Mrs. Glen Hadley at Camp 5 and Fossil.

A number of people attended to business and shopping in The Dalles over the week end. Included were Mr. and Mrs. Stan Wright, Mr. and Mrs. George Green and Johnny Green, Mr. and Mrs. Harlan Schroeder and daughter Becky.

Mr. and Mrs. Floyd Belk from North Dakota were visiting the Lees this week. They were also at Camp 5. Mrs. Belk is a niece of Mrs. Belk.

Mr. and Mrs. Forest Graham and sons Dick and Roger went to Portland Sunday where they expected to consult a doctor on Monday about Dick's arm, also to attend the air show.

House guests this week at the Les Halverson home were Mrs. Halverson's mother, Mrs. L. L. Perry; a sister, Mrs. Dorothy Sherritt and daughter June, all from Portland; an aunt, Mrs. Birdie Pointer and daughter, Blanche Shaw and son LeRoy, from Kansas City, Mo. They will go to southern California and Mexico on their return trip.

Mr. and Mrs. Loyd E. Smith and Mr. and Mrs. Morris Wilson and two children of Mayville were Sunday visitors of Mr. and Mrs. C. R. England.

Mrs. Dr. Martin of Seaside is visiting her sister, Mrs. Harlan Denton for a fortnight. Dr. Martin will join his wife later.

Mr. and Mrs. Steve Savich of Tooele, Utah, Mrs. George Smiley and Mike and Joe Lonerich of Bingham and Canyon, Utah, have spent several days visiting with Mrs. Kate Jellic and son Mark. The party left here Monday, going north into Canada and will return by Vancouver, B. C., and Seattle and through California to Utah.

Mr. and Mrs. Elmer Sasser went to John Day Friday evening to visit at their daughter's, Mrs. Lawrence Roba, and see their new granddaughter. Mrs. Sasser will stay for a week.

Mr. and Mrs. Chuck Elliot of The Dalles came to Kinzua Saturday to visit friends and relatives. A sister, Mrs. Ed Westman, of Mrs. Elliot and Mrs. Warren Jobe are also visiting here from Klamath Falls. Johnny Owens of Milton is visiting his sisters, also.

Mr. and Mrs. Ralph Moore left Saturday, going to Goldendale, Wash., to visit Mrs. Moore's parents and bring home some fruit.

Maryhill Museum

To Feature Work

Of Thomas Eakins

Maryhill museum, on the Columbia river at Maryhill, Wash., announces the opening of an exhibition of paintings and sculpture by Thomas Eakins, one of America's outstanding realist artists. The selection includes 22 oil paintings, a dozen sketches, watercolors and drawings, and several pieces of sculpture. This important survey of Eakins' life as an artist shows many of his well-known paintings—those that endear him to the boxing fan, the oarsman, the hunter, the fisherman, and to all lovers of the American landscape.

Eakins was born in 1844 and died in 1916. Victorian prudery prevented recognition of his mastery of the anatomy of the human form, and, because his brush told too much of the truth for the sentimental age in which he lived, his pictures were never popular during his lifetime. Appreciation, however, has grown rapidly in the last decade, and today Eakins is one of only three American artists to be accepted by the Louvre.

The museum at Maryhill is one of the few Western museums accorded an opportunity of showing the work of this distinguished master. Assembled and circulated by the Philadelphia Museum of Art, the exhibition will be displayed in the museum's gallery of paintings from now until September 15.

Peacetime Visit To Europe Offered By Service In Army

Capt. George R. Smith of the local United States Army Recruiting station announced today that a limited number of veterans may now enlist or re-enlist for occupation forces in Europe.

Competition for these vacancies is expected to be high. Capt. Smith pointed out, since they offer an unusual opportunity to veterans to visit Europe in peacetime when they have the leisure to enjoy its scenic grandeur. Thousands of veterans have been waiting for this chance, he said. He urged all those qualified to apply to the army recruiting station without delay.

Enlistment, or re-enlistment, for initial assignment in the European theater of operations is open to veterans of the army, navy, marine corps and coast guard of third grade or below. The enlistment period is for 3, 4, or 5 years.

Men now in service, whose current enlistments are terminating, may be discharged for the convenience of the government, to re-enlist for assignment to the E.T.O., Capt. Smith stated.

Among benefits of service in the E.T.O., are greater opportunities for advancement and the 20% increase in pay which is automatically added to the above average army earnings, for foreign service.

The army recruiting offices, located at Pendleton, Ore., will be open between the hours of 8 a.m. and 5 p.m. when interested veterans may be interviewed without appointment.

The driver of this truck lost control of it because its brakes were defective. It ran up on the sidewalk and plowed through the side of a house, killing two persons. In addition to the terrible toll of motor vehicle deaths and injuries last year—33,500 killed, 1,150,000 injured—the total economic waste amounted to almost two billion dollars. Brakes, tires, lights, windshield wipers and other safety features should be periodically checked as a safeguard against accidents. A recent nationwide testing program disclosed mechanical defects in one out of every three cars examined.

ONE OF THE MOST IMPORTANT JOBS IN U. S. HISTORY

The Regular Army wants a select group of volunteers for duty in Korea. This is one of our most important occupation jobs—and one of the toughest.

Men with the American tradition of pioneering—love of adventure—and a desire to see the job through will do great work in Korea. They will carry the principles of Democracy to a people eager to welcome freedom.

If you are that type of man, a tour of duty in Korea will enable you to save money, learn valuable skills and trades, make good friends and lay the foundation for an interesting future career.

Men who volunteer for 3 years may specify service with either of two famous fighting divisions, the 6th or 7th Infantry.
