With the garden spaded, raked and ready for planting, seed and plants at garden side, this job calls for no more than two hours of planting time. For what little time, money and effort is represented, the returns early next summer will help hold down the family budget. The garden specialist points out that items in the family food basket now have increased more than 10 percent as compared with a year ago. Prices of these same items have doubled since the comparatively low price years of 1935 and 1939.

A recommendation for an early garden is not to be confused with the main family garden. The planting date for the great bulk of the garden vegetables is still about one month in the future. With the weather man's approval, of course, planting time for the main garden is April 1 to 10.

As to how far apart to plant rows of early garden vegetables, Clark states radish rows will need to be 12 to 15 inches apart; lettuce and spinach 18 to 24 inches; onion sets 24 inches; peas and cabbage 30 inches, and rhubarb and asparagus 48 inches. Depth of planting and spacing of rows will be found on seed packages. Consult seedsmen or the county agricultural agent for advice.

IONE ITEMS

Eugene Normoyle, Jimmy Barnett, Gerald McCoy and Ted Palmateer attended an arrangement of the American Legion at Pendleton Sunday.

Mrs. Anne Smouse of Eugene is visiting here this week.

Mrs. Ethel Stewart has three men patients in her home.

The library has received the following books this week: The Magnificent Barb by Dana Faraday; At Snug Harbor Inn by Seymour; Growing Pains by Taylor and Lone Cowboy by Will James.

Don't bring Ferdinand Oregon is getting one kind of tourists we didn't advertise for and would prefer to be without. Dry pastures and hay shortages in California have started a heavy migration of cattle to Oregon. A bad epidemic of hoof and mouth disease, scabies and screw worm is devastating Mexican cattle. It has reached into California. A few infected cattle could easily start an epidemic here. Another serious drought-result threat is that of the herds of migrant workers from other states where crops fail.

High School Music Students Invited To Mass Concert

"Music in May," a two-day musical fete featuring a mass concert of Pacific Northwest high school music students under the baton of popular conductor, Meredith Willson, has been scheduled as the first event of its kind by Pacific university, May 7 and 8. The announcement was made today by Richard Greenfield, head of the orchestra and band department of Pacific university.

Greenfield said that Willson, well known NBC orchestra conductor and composer-arranger will fly here with his wife from Hollywood for the event, which will pay tribute to Pacific Northwest high school band and orchestra directors and their students.

Invitations have been issued to all Pacific Northwest high school band and orchestra directors to submit names of their students, "who are good band and orchestra material, who are entitled to some substantial reward for outstanding work during the year, and who would find the event a real musical inspiration."

From names submitted, approximately 200 students will be chosen "according to the proper instrumentation of the type musical organization we would like to have" and summoned to the Pacific university campus to rehearse and present a public concert under the direction of Willson on the evening of May 8.

RESOLUTIONS OF RESPECT

In memory of Brother Samuel J. Devine.

Once again death has summoned a brother Rebekah, and the golden gateway to the Eternal City has opened to welcome him to his home.

And, whereas, the all-wise and merciful Master of the Universe has called our beloved brother home, and he having been a true and faithful member of our beloved order, therefore be it:

Resolved, that Holly Rebekah Lodge No. 139, L. O. F. of Oregon, in testimony of his loss, drape its charter in mourning for thirty days, and that we tender to the family of the deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the bereaved family, also a copy be spread upon the minutes of this lodge, and a copy be published in the paper.

In everybody's garden. A little rain must fall. Or life's sweetest flowers Wouldn't grow and bloom at all. And though the clouds hang heavy. So heavy, oh, My Friend, I'm sure that God who sends the shower Will send the Rainbow's End.

Fraternally submitted,
LaVerne Henderson
Dorothy Christopherson,
Cora Warner.
