Recently annoughed by Walter Holt, general manager, Pacific FOR COUNTY JUDGE International Livestock exposition, are plans for a Junior Spring dacy for the office of Judge of show to be held at Portland for Morrow county, subject to the 1949. This will be a show for 4-H will of the Republican voters at

and FFA members. By inaugurating this Spring show it is felt that junior feeders of livestock will be adjusting their program of feeding to a more practical basis for fattening and marketing by conducting their finishing operations through the winter and into the spring, rather than contending with the warmer summer and early fall months for this.

The need for this show was prought about by crowded conditions at the Pacific International Livestock exposition. This fall show would continue to draw 4-H breeding livestock classes, farm and vegetable crop exhibits, and home economic exhibits.

Mr. and Mrs. Terrel Benge drove to Portland the first of the Barlow, supt.; Beverly Yocom, the home of Mrs. Benge's parents, week to spend several days at

What! A Power Plant on Top of a Pole?

THIS GROWING REGION USES MORE AND MORE OF PP&L's CHEAP ELECTRICITY!

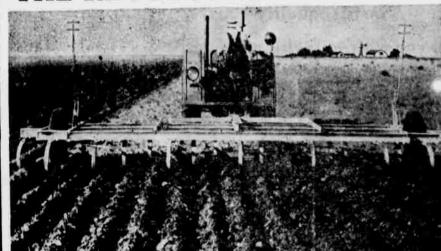

Yes, sonny, capacitors are in effect little power plants, because they boost the supply of usable electricity on power lines. This year Pacific Power will install 1600 capacitors on pole tops throughout its system. These ingenious little devices will make available about 10,000 kilowatts of additional capacity from existing generators.

Electric rates here are the lowest in history —less than half the national average
