

Boardman Reports Columbia Receding Tuesday Morning

By Flossie Coats

Flood waters of the Columbia along Boardman were receding some as of Tuesday morning. The E. W. Peck home was surrounded Monday morning and the family moved some of their household goods to their home in upper Boardman.

Mr. and Mrs. Ray Brown entertained at a Guardian service dinner Thursday evening to the following: Mr. and Mrs. Macomber, Mr. and Mrs. R. S. Wilson, Mr. and Mrs. Eldon Shannon, Mr. and Mrs. Ray Gromquist and Mr. and Mrs. W. E. Garner.

Supt. Gerard Fahey left Thursday for Oswego where he will spend the summer. Several ladies motored to Umatilla Friday afternoon to attend the Umatilla Ladies Aid Luncheon at 1 p.m. and to hear Dr. W. H. Dobson, returned missionary from China, talk. Those from here attending were Mesdames Chas. Ehle, Eva Warner, Sarah Jane Nickerson, Esther Knight, Florence Root, Mary Messenger, Louise Earwood, Ethel Cole, Margaret Rippee and Wynn Dyer.

Mr. and Mrs. Ray Barlow and children Beryl and Susan of Eugene were holiday guests at the home of Barlow's sisters, Mr. and Mrs. Claud Coats and Mr. and Mrs. Z. J. Gillespie. Sunday a family get-together was held at the Claud Coats home with the following at dinner, besides those mentioned: Mr. and Mrs. Chas. Barlow, Mr. and Mrs. Robert Walker and son Billie of Heppner, Mr. and Mrs. Truman Messenger and family, Mr. and Mrs. Billie Marquardt (Rena Messenger) of Lexington, and Mrs. Alma Gilliam of Portland.

Mr. and Mrs. Eldon Wilson and daughter of Baker were week-end guests at the home of their parents, Mr. and Mrs. R. S. Wilson and Mr. and Mrs. Ray Brown.

Guests at the N. A. Macomber home Sunday were their son-in-law and daughter, Mr. and Mrs. Gilbert Petreys and children of Pendleton.

At the home of Mr. and Mrs. Ralph Skoubo Sunday was the scene of a lovely dinner and surprise day for Mr. and Mrs. Adolf Skoubo, who were celebrating their 25th wedding anniversary. The family presented the parents with a davenport and

chair set. Those present, besides the honored guests, were their children, Leo, Erna and Mr. and Mrs. Tolvo Simila (Elnora Skout) of Portland, Mr. and Mrs. I. Skoubo, Mr. and Mrs. Ed Skoubo, Mr. and Mrs. Russell DeMauro and daughter, Mr. and Mrs. Earl Downey, Mr. and Mrs. Guy Ferguson, Mr. and Mrs. Nels Kristensen and son Douglas, and Mrs. Morris Trarough and son Morris Jr.

Mr. and Mrs. Merwin Gilbert of Pilot Rock were dinner guests at the N. A. Macomber home Monday night. Mrs. Gilbert and Mrs. Macomber are sisters.

Wednesday, 2 p.m., will be the regular meeting for the Ladies Aid Committee in charge is Mrs. Adeline Baker, Mrs. Roy Ball, Mrs. Elvin Ely and Mrs. S. E. Russell. Everything has been quiet around town since the highway is closed due to flood water across the highway west of Tom's camp. There has been no travel down the highway since Sunday. All service stations were closed Monday except the Shell, but are all open for business Tuesday.

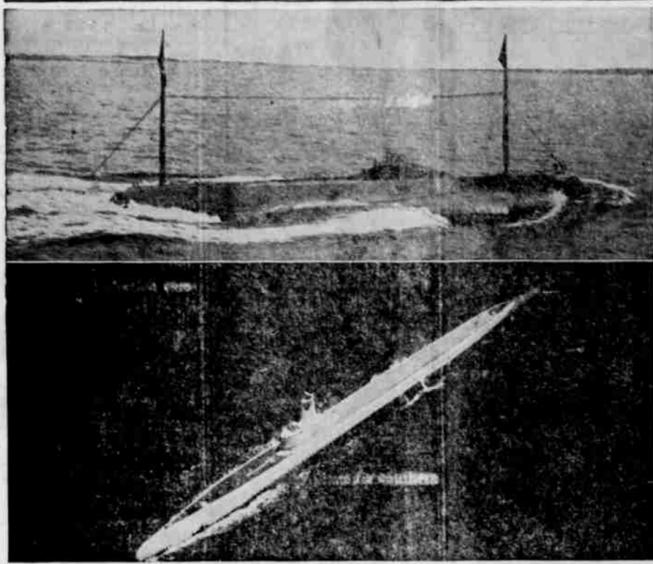

Flood Conditions Cause 4-H Show To Be Postponed

Due to flood conditions in the Columbia basin, the Eastern Oregon Wheat League 4-H club show scheduled to open Monday, June 7, at The Dalles has been postponed until June 28-29-30. This information was received Wednesday from George Lindsey, one of the publishers of The Dalles Optimist and chairman of the advertising committee for the show. Advertising and other publicity will follow on a new schedule to keep 4-H club exhibitors and visitors informed on the new date and any plans that may have to be changed.

The Dalles, like other points along the river, has had a certain amount of flood conditions to contend with, and while the show might have been carried through on the original schedule, transportation difficulties made it seem imperative to postpone the show.

The U. S. government is undoubtedly the greatest show on earth! Its continuous performance costs money—a great deal of money, and the audience, whether it boos or cheers, dies deep for its tax-tickets.—Northeastern Examiner, San Diego.

SUBMERSIBLE CRAFT WAX INTO ADULTHOOD

The U. S. Navy's first submarine, the USS HOLLAND, was invented and designed by John P. Holland and accepted by the Navy in 1900. In the upper photograph the HOLLAND is shown built up and starting to submerge. In the past 48 years of the Navy's century and a half of existence as a Department of the United States Government, development of undersea craft and warfare has culminated in such post-war submarines as that shown in lower picture. She is the USS Pomodon, SS-486, improved fleet-type U-boat following conversion under the "Guppy" program. (Official Navy Photograph)

Irrigon Schools Observe Closing Exercises Friday

By Grace Shoun

The Irrigon school was closed Friday, Jack White was the only senior to graduate. He got medals for good citizenship, for leadership and playing; he got the athletic medal and the one for scholastic standing.

Henry Tetz of Heppner Thursday evening gave an excellent talk on the worth of each individual and a great deal more that was interesting and educational.

Five eighth grade pupils, Laraine Carter, James Kenney, Leroy Connors, Gerald Hinkley and James Keith Jr. were graduates.

The grade pupils, assisted by their teacher, Mrs. Homer Hayes, Mrs. George Russell, Mrs. Floyd Hobbs and Mrs. Benny McCoy, had a good program Wednesday morning.

Mrs. Alice Hoagland of Stanfield visited her mother, Mrs. Nora Wilson and family, Monday.

Miss Mary Patterson has completed the Adventist school and is to start the summer term of college at College Place, Monday. She is to return here next September.

Billy Acock was in Walla Walla, Monday.

Beverly and Lavonne McCoy of Kennewick are spending some time at the J. E. McCoy home. They are close to high water in Kennewick.

Lyle Mulkey of Olex spent the week end at the Gene Mulkey home.

Rev. and Mrs. Chester Wilson and children and Dean Fagerstrom of Council, Idaho, are visiting Mr. Wilson's mother, Mrs. Nora Wilson and family.

Mrs. C. W. Acock and Mrs. J. A. Shoun and son James were in Heppner Monday.

James Henderson and family and Harold Farman and Mrs. Amanda Riley left for Kendrick, Idaho, Saturday. Mrs. Harold Farman and children had gone the Tuesday before.

Mrs. Tom Caldwell and Mrs. Millie Jameson are also visiting in Idaho, as are also the George Russells.

Mr. and Mrs. Floyd Hobbs and sons are spending a few days at North Powder with his family there.

Mr. Nash is the new man on the Ed Beach place. He is starting an agate store.

James Guirin, S.N., of Whitby Island, spent the three days with his mother, Mrs. Bill Graybeal, and family.

Mrs. Leona Wilson and daughter and Mr. and Mrs. Lloyd Sawyer and two children of Portland spent the week end with Mrs. Wilson's mother, Mrs. Martha Ferrill and family.

The Assembly of God workers have completed excavating the basement for the church parsonage and have put in reinforcements ready for the concrete.

Herbert Rand is in the Walla Walla hospital with blood poisoning in his hand caused by a barb wire scratch. He was hurt Wednesday and he was taken to Walla Walla Sunday morning.

Mr. and Mrs. F. R. Stroms and Mr. and Mrs. William Warner of Patterson ferry have had to move out of their homes to higher ground. The Simms are members of the Community Baptist church and are both well known here.

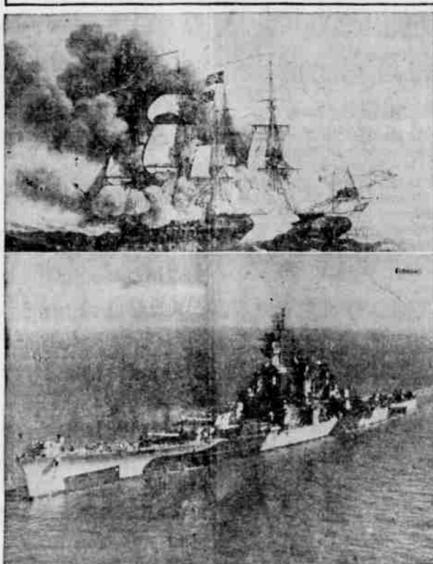

Mr. and Mrs. Vallis Dexter and son of La Grande arrived Tuesday morning to visit his parents, Mr. and Mrs. W. B. Dexter and family.

Mr. and Mrs. Emery Bedwell of Elgin and son Roy of Sunnyside spent Sunday at the Jack Browning home. Mrs. Bedwell is Mr. Browning's sister.

The high school had their picnic at Lehman Springs Wednesday. The grade school spent Wednesday on the school ground at the community picnic for the children and all the neighbors. The women furnished the refreshments and ice cream was also furnished with a ball game and races to finish up the day.

Supt. Solwold will teach at Stanfield next year. Mrs. Mary Bicker is undecided yet but plans on a summer short course and a trip to her old home in Virginia. Ora Thompson was in Heppner Tuesday.

SEA FIGHTERS CHANGE ARMOR - - NOT HEARTS

From the inception of the Navy Department a century and a half ago American warships have vastly changed from wooden frigates and privateers to steel-hulled battleships, cruisers, and carriers, but the will to fight in defense of America has undergone no transition. The veteran USS Constitution, shown in upper photo in battle with the British ship GUERRIERE in 1812, rests in retirement in Boston, content to repose the security of her country today in such craft as the USS Alaska (lower), American version of the German pocket battleship. Construction began on the Alaska 10 days after the Pearl Harbor attack, yet she had ample time to participate in many strikes against the Japanese in World War II. (Official Navy Photograph)

News From C. A. Office

Photographers and a minimum of reading material tell the "how to do it" story in a new single sheet folder on preparing common Oregon fruits and vegetables for freezing. It is ready for distribution through this office. It is entitled "The Freezing Preservation of Fruits and Vegetables."

The authors, Mrs. Lois Sather, assistant in food technology, and E. H. Wiegand, head of department of food technology at Oregon State college, have given brief freezing instructions for 21 fruits and 15 vegetables. Included in the folder is a series of 12 photographs which detail the general steps in preparing either fruits or vegetables for the freezing locker.

For easy reference, a table showing a calendar for freezing foods is printed on the cover of the folder. Also discussed are containers, syrup preparation, sugar packing and the use of ascorbic acid to lighten the color of certain fruits.

Drop into the office and pick up a copy of the new bulletin.

R. Ralph Clark, OSC extension service horticulturist, says there are three garden crops to avoid planting in June, yet a whole host of others must be planted now with assurance they will do well. Crops to avoid planting now are peas, radishes and spinach. The latter two may bolt and go to seed if planted in warm weather while peas are just not a warm weather crop. All three do best in cool, moist weather.

Commercial vegetable growers have had the same difficulty this year that backyard gardeners have experienced in getting their crops planted. Rain postponed or eliminated planting of a good deal of acreage in the state that normally goes into processing vegetables. Obviously, this will result in a comparatively short supply of processing crops.

Prices for garden truck are high now and there is every reason to believe they will stay up or even go higher. This fact makes the backyard garden even more valuable.

For planting now, avoid the early season varieties of vegetables, Clark advises. However, he says summer varieties of any of the following vegetables will do well if planted now: carrots, beets, corn, beans, tomatoes, peppers, eggplant, cabbage, celery, chard, lettuce cucumbers, squash and pumpkins.

Vegetable crops planted now will grow rapidly. Clark points out, but as a result of excessive spring rains it will be necessary to watch for signs of low soil fertility. Yellowing and stunted growth are good indicators, he says. An application of nitrogen fertilizer will correct this soil condition. Continued watering of vegetable crops is also important as soon as dry weather starts, Clark adds.

Contented cows? Farmers and ranchers who have used DDT fly control sprays know the real meaning of this expression. Horn flies, the insect that put the original switch in the cow's tail, are readily controlled by DDT sprays.

It was not until DDT came into use that we found out just how really expensive that switch was. In tests which have been carried on in Kansas, treated cows gained 42 to 51 pounds and calves gained 47 to 70 pounds more per animal than untreated cows and calves. In some states, dairy farmers report 5 to 15 percent more milk from cows after being treated with DDT than they had before when the cows were heavily infested with flies.

Many Morrow county farmers and ranchers are using DDT to very good advantage in control of flies. Flies have been showing up during the past week and it is now time to make the first treatment. This should last about three weeks at which time another spraying can be made. Past experience has shown that in normal years two to three sprayings kept the cattle free of flies during the entire season.

Eight pounds of 50% wettable DDT to 100 gallons of water is used for fly control. Cattle are sprayed at the rate of about one and one-half gallons per animal. This can also be used around barns and other buildings where flies congregate.

Many farmers have purchased high pressure sprayers during the past two years and these should be used to good advantage the whole year through. Spraying for flies with DDT is the timely job for your high-pressure sprayer now.

American Iron and Steel Institute figures show that from 1935 to 1946 inclusive the steel industry paid \$3,737 millions in taxes whereas its profits during the period totaled \$2,243 millions. Many businesses large and small

are now being taxed to such an extent they are not able to show enough profits to pay their taxes.—Congressman Wat Arnold.

Mr. and Mrs. George Atkinson and daughter of Portland called at the home of Mr. and Mrs. J. A. Troedson Monday. They had spent their vacation in the east, going as far as Detroit where they purchased a new car.

Your Sunday Dinner Problem Is Solved

Drive down to the Victory Cafe at lone and eat a wholesome

CHICKEN DINNER

- HEAD AND HEEL ROPING

Entries for Wranglers members only.

Show Open to the Public.

Admission 50c, inc. tax

Children under 12 admitted free

From where I sit... by Joe Marsh

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny.

Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—between Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law—there should be Truth.

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

Joe Marsh

Never a Love so True... Never a Ring so Cherished

Your shining eyes reflect the glory of love's most radiant tribute, your genuine registered Keepsake Diamond Ring. Only one diamond in hundreds meets the high standards of excellence in color, cut and clarity which Keepsake has maintained with distinction through six decades. This store is proud to display genuine registered Keepsake Diamond Rings, in a wide range of styles and prices.

Look for the name "Keepsake" in the ring, and require the Keepsake Certificate of Guarantee and Registration.

All rings illustrated available in white as well as natural gold. Rings illustrated in these details. Prices include Federal tax.

A. COPLEY Set 300.00 Engagement Ring 200.00

B. WELFORD Set 450.00 Engagement Ring 350.00

GI Vets In School Must Furnish VA Additional Proof

Students in Oregon schools and colleges must furnish the Veterans Administration with proof of additional dependents before the new top bracket of \$120 monthly subsistence allowances can be paid. Charles M. Cox, VA representative in this area, emphasized today.

For dependents born in Oregon, veterans are advised to supply full information in person at the nearest VA office. The state board of health no longer issues birth certificates with all the data needed, but the VA will submit the student's own statement to the state board of health for confidential verification.

Virtually all other states issue certified copies of birth records which are acceptable to the VA, Cox pointed out.

Ex-GI students who may acquire new dependents during vacation are especially reminded of the pay regulation. If proof is turned in along with the application to re-enter training, higher subsistence pay will start immediately. Otherwise higher rates will be paid only from the date such proof is actually received.

Veterans enrolled in schools on April 1 have until July 1 to submit proof of their second dependent and receive the higher subsistence rate retroactive to April 1.

New subsistence rates for full and part-time students now go up to \$75 a month without dependents, \$105 with one dependent and \$120 with two or more.

HEPPNER MAN RECEIVES B.S. DEGREE AT P.U.

At Pacific University commencement ceremonies, largest in the history of the school, Leonard Gilman received his bachelor of science degree. He is the son of Mr. and Mrs. W. L. Gilman, Heppner.

Majoring in physical education at the 99-year-old university, Gilman is a graduate of Heppner high school, where he was active in football, basketball, and other sports.

We can hardly wait to show you the '49 Ford!

We're itching to show you the revolutionary, NEW '49 Ford! It's The Car of the Year—and you're going to love it! We can't let you see it quite yet, but here's a hint of some of the features you'll find in the NEW Ford in your future!

Plenty of room to see out!

We'll show you real "Picture Window" Visibility... more than 20 square feet of "see-ability"—Even the rear window is windshield big!

Seats wide enough for 3 BIG people!

They rival the finest sofa for comfort and room—57" front, and 60" rear seat! Plenty of hip and shoulder room for 3 BIG people on each one!

You'll love the new "Mid Ship" Ride! You'll travel in a "Mid Ship" Ride... the level center section of Ford's "Lounge Car" interior where the going's smoothest!

The Car of the Year!

The Car of the Year has plenty of other features, too: a "Deep Deck" Luggage Locker with 19 cubic feet of usable space... new "Hydra-Coil" Front Springs... extra strong, extra long "Para-Flex" Rear Springs... new, larger, 35% easier-to-apply "Magic Action" King-Size Brakes. It won't be long before you can see for yourself!
