Marilyne Munkers, Lexington, is the newest 4-H club member in Morrow county. Marilyn has recently joined the "Wee Little Workers" sewing and cooking club led by Mrs. John Graves. Marilyn is carrying sewing 1-a and cooking 1 projects.

A report from the Oregon State college dairy building's ice cream counter claims that the clerks selling ice cream during the recent 4-H summer school were the busiest people on the campus. Never say the clerks, have they seen any group that can stow away the ice cream like the 4-H kids do.

Even with regular college in session, 75 hundred students never equaled a day's business of 4-H summer school. And, the 4-H enrollment? Just one-fourth the regular number of college students. The ice cream clerks say that if the ice cream eaten during the ten days of 4-H summer school were divided between the 1,743 boys and girls attending summer school, each would get a half gallon apiece.

With so many 4-H club activities going on the past three weeks it is hard to keep up with the happenings of all. Four-H club delegates to summer school returned from Oregon State college on June 25 after ten days of study and recreation. Several of the delegates spent the two remaining days, Saturday and Sunday grooming their beef and sheep for the Eastern Oregon Wheat League 4-H Fat show and sale, held at The Dalles, June 28, 29 and 30.

Getting back to 4-H summer school, announcements of Morrow county winners of contests held there is in order.

On the final day, Thursday, judging contests were held to give the 4-H summer school students a chance to put into practice what they had been studying for ten days. All of the 1,743 boys and girls competed. The tally sheets were collected and added up, here's how the contests ended for Morrow county members:

Barbara Sherman, Heppner, member of the Morrow county senior beef club, tied for second place in the livestock judging.

Ingrid Hermann and Carletta Olden, lone members of the lone home economics club, tied for second place in the food preservation judging contest. Eleanor Earwood was second place winner, and Gracia Vieille was third place winner in the foods judging contest. Both are from Boardman and are enrolled in the home-making club led by Mrs. Ronald Black.

Clothing club members as well as other interested club members have been invited to see the motion film, "Patterns for Smartness" which will be shown at the county court room at Heppner on Friday afternoon, July 9. The showing begins at 2 p.m. Mrs. Ruth McCabe, lone, was instrumental in getting this film as an educational feature for her clothing club members. The film will be shown in the new projector recently purchased with county farm organizations and 4-H funds.

The "Wee Little Workers" met at the Griffith home July 2. The meeting was called to order by Janet Howton. The rollcall was made and reports of work done given by the members. The minutes of the last meeting were read and approved. Marilyn Munkers attended our club meeting as a new member. Refreshments of ice cream, cookies and punch were served by Marlene and Nanette Griffith. The next meeting will be held at the John Graves home.—Reporter, Marlene Griffith.

This year's Republican Convention will be the 24th, the first took place 92 years ago in 1856.

We are very grateful to the Morrow county Red Cross chapter for their help in providing necessary funds for this program. It can be continued. They are giving \$600 for the coming year. Also grateful thanks to the Heppner Elks lodge for their gift of \$25 per month; and which has been voted for the coming year. Our sincere thanks to every organization and to every person who has helped during the year. There is no way to account for the happiness your money has provided those patients in Ward 7. No way to tell how much you have helped those who died this past year and there have been so many. But if you visited our ward you would hear so much about the kindness shown the men and they are so grateful to you.

Your chairman has attended six council meetings with many visits to the ward with no expense to the committee funds. Our Gray Ladies number three now and each one gives four hours a week regular visits as well as many extra hours spent at parties. They spend many hours shopping for the extra food and gifts you provide. Also many extra hours shopping for the patients using their funds.

## THERE HAD TO BE A FIRST TIME

Advances in American naval ships and equipment have been marked throughout the century and a half of the Navy Department's history by important milestones of progress. One of these was the first flight from the deck of a ship, made in 1910 by Lt. Eugene Ely, when he took off from a miniature flight deck on the foredeck of the USS Birmingham in which an F11 "Fury," a jet-propelled Navy fighter, makes a landing aboard the USS Boxer while the ship cruises off the California coast. ## Bend Proves Fine Host to Newsmen

Publishers of the state meeting in Bend July 2 and 3 were unanimous in their praise for the fine entertainment and warm hospitality provided by the central Oregon city. And all were greatly indebted to the Bend Bulletin and its fine staff for the manner in which the welfare of the guests was their first concern.

Bend was chosen of its central location, fine facilities for entertaining conventions, and above all, because of the water pageant which is the highlight of the city's annual Fourth of July celebration. Nothing comparable to the water pageant is to be found elsewhere on this continent, and as the announcer proclaimed, even on the globe, so the newspaper folk were especially favored in being invited to meet in Bend at that particular time.

The convention marked the close of the writer's term as president of the association, turning the reins over to Frank Jenkins, publisher of the Klamath Falls Herald and News.

As an anti-climax to the close of the convention, Bend suffered one of the worst fires in recent years with the burning, Sunday night, of the Eddie Williamson garage. Located just across the street from the Pilot Butte Inn, there was more than the usual nervousness on the part of firemen, police and the public until it was known the blaze was under control. A wind from the south diverted the sparks from the hotel but menaced other property in the neighborhood.

## INDEMNITY LAW INVALIDATED

Back in 1864 pioneer legislators enacted a law prohibiting publications devoted to "crime or lust or deeds of bloodshed." The U. S. Supreme Court recently ruled on a case comparable to the Oregon law and found it unconstitutional. "It is clear," says Attorney General George Neuner, "that our law is in many sections similar to the New York law which the high court ruled invalid." The Oregon law prohibited publication of books, articles, pictures, or showing of plays that "relate the criminal exploits of any desperate or convicted felon."

A surprise birthday party was given for Leta Humphreys at the drug store Wednesday afternoon. Present were Mrs. Fred Parrish, Mrs. Lucy Rodgers, Colleen Connor, Josephine Mahoney and Mrs. John Bergstrom. Mrs. Parrish made the birthday cake, served with ice cream.

1,094 Delegates are eligible to vote in this year's nominations at the Republican National Convention. The nominee will receive a majority of 548 votes regardless of whether all the delegates attend. In 1944, two Hawaiian Delegates were unable to attend but Mr. Dewey still had to have the majority of the 1,041 eligible votes.
