

Picnic, Baseball Game Divide Crowd At Kinzua Sunday

By Elsa M. Leathers

The pioneer picnic on Sunday and the baseball game between Wasco and Kinzua conflicted. Usually a large number of people attend the picnic each year and also from Camp 5. Since Kinzua is behind schedule due to the flood on June 10, most of the ball fans were eager to see the game. Wasco took the game, 7 to 4. The ball game or the picnic? CAME COMMISSION SETS FUTURE GAME REGULATIONS

It has long been recognized that as a conservative measure that certain low-powered ineffective caliber rifles should be prohibited for the taking of big game. The Oregon State Game commission realizes that more stringent regulations are not in order until sporting arms again become more readily available to the public, but to afford the public an opportunity to purchase rifles in keeping with future regulations, the game commission is announcing these future regulations at this time. It is to be emphasized that the proposals will not become effective until some future date when rifles are easily available.

The following proposed regulations have been formulated with the aid of the Sporting Arms and Ammunition Manufacturers' Institute of New York.

Lawful rifle calibers for the taking of deer should be those with a caliber designation of 23 or larger, and developing 975 foot pounds or more of energy at 100 yards. Lawful calibers for the taking of antelope and/or elk should be those with a caliber designation of 25 or larger, and developing 1375 foot pounds or more at 100 yards.

OBITUARY

Services were held at the Holy Nativity Episcopal church in Cle Elum Wash, July 8, for James F. Davis, 60, veteran saw filer. He died at the Kittitas county hospital in Ellensburg July 6 after having suffered a stroke while fishing in the Teanaway river Saturday evening, July 3.

Apparently in normal health, he had spent Saturday afternoon with his wife, son-in-law, and daughter on the fishing trip. Following a fish fry late in the afternoon he returned to the river for another try when he was stricken. Taken to the hospital he failed to regain full consciousness. James Fullerton Davis was born in Canton, New York, Feb. 18, 1888. After remaining in New York when his parents went south to start a new home, relatives placed Jim, then four years old, and a younger brother on a train bound for Biloxi, Miss. Each boy wore a tag to tell his destination—a rare procedure then. Helpful train crews insured their safe arrival.

When 13 years old he began his life vocation as a saw filer, working with his father. On June 14, 1908, he was united in marriage to Ruth Hall in Biloxi. They made their home in the south until 1930 when they moved to Arizona.

In 1933 the family moved to Oregon where he followed his

trade at Lakeview. Grants Pass. The Dalles and Kinzua. During World War II he took over the saw filing job at Heppner for two years while his son William served in the Marine Corps.

His vocation has been traditional in the Davis family. Being taught from father to son, it has been the chosen career through four generations. Jim learned it and took over at the age of 15 when his father died. His grandfather also was a saw filer as well as Jim's three sons now in Oregon.

He and his wife moved to Cle Elum two years ago. Since that time he had been saw filer at M. C. Miller Lumber company.

Mr. Davis became a Master Mason in May 1909, being raised at Moss Point lodge No. 202, Pasco, Miss. Later he demitted to Grants Pass lodge No. 84 and transferred to Cle Elum lodge the past year. He was a Royal Arch Mason and a Knight Templar of Ellensburg chapter No. 5 and belonged to the Mystic Shrine, Tacoma.

He was also a member of the Cle Elum Kiwanis club and the Ellensburg Elks.

Surviving besides his wife are three sons, Ralph and William Davis of Heppner, and Jim Jr. of Bend; one daughter, Mrs. Dan Maynard of Cle Elum, and seven grandchildren.

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on a game of darts, and later they played "indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.
