

Boardman Cannery Opens For Public Use on August 3

By Flossie Coats

Mr. and Mrs. Vet Coyers motored to Yakima Friday on business.

Ladies Aid missionary society met in the church basement on Wednesday for their regular business. Mrs. Leo Root and Mrs. Jess Allen served refreshments.

The Boardman school cannery has opened for the coming season, and will operate two days a week. It will be open Tuesday, August 3, and Thursday. From then on it will alternate Monday and Tuesday each week and will operate every Thursday. This cannery is for the public use.

Mrs. Wes Clagg of Portland was a visitor this week of her father, Mr. Tuttle.

Mr. and Mrs. John McIntyre and son Jack motored to Pendleton Thursday.

Mrs. Dewey West Jr. and two children, Mrs. Ronald Black and Mrs. Dale Russell were Arlington visitors Thursday.

Don't forget the North Morrow County Fair dates, which are Sept. 9, 10 and 11, and will be held in Boardman.

The ev. Chas. Eble with Grace Miller and Lane Morrison left Sunday for Wallawa to attend the Presbyterian summer camp for boys and girls. Rev. Eble is one of the leaders.

Young Michael Stalcup, son of Mr. and Mrs. Eugene Stalcup, had

the misfortune to lose his young colt, Tony. This animal was bred by the American Saddle, racing stock of La Grande, and was the boy's pride.

Pendleton shoppers Saturday were Mrs. R. B. Bands and daughter Nancy, Keith Gronquist, Mr. and Mrs. Z. J. Gillespie and sons Donald and Lynn and Mrs. Claud Coats.

Mrs. Frank Marlow and Mrs. Emma Delano were shoppers in Hermiston Saturday.

Leo Root motored to Walla Walla Saturday on business.

Frank Cole left Sunday for Portland and wa points where he will spend a week visiting sons and daughters and will also consult a physician.

Mr. and Mrs. Ralph Earwood and family motored to Pendleton Monday.

Mr. and Mrs. Dewey West Jr. and family spent the week end in Elgin.

Dinner guests Friday at the home of Mr. and Mrs. Wm. Nickerson were Mr. and Mrs. Jack Mulligan and family and Mr. and Mrs. John Mulligan.

Joyce Reese of Los Angeles arrived this week to spend a month with her grandparents, Mr. and Mrs. Wm. Nickerson. Her parents, Mr. and Mrs. Reese, and brother will arrive the first of August for a couple of weeks.

Mr. and Mrs. Ervin Flock of Portland have purchased the farm of Simmons and Christiana, formerly known as the Claud Myers farm. The Simmons' will leave soon for Florida. Mrs. Flock will be remembered as Ruth Kunze, daughter of Mr. and Mrs. Ed Kunze.

Mr. and Mrs. Algy Taylor spent Thursday in Umatilla.

Earl Briggs returned from Port-

land Sunday evening where he spent the week end with relatives and friends.

Mr. and Mrs. Allen Chaffee of Eugene were week end guests at the home of his parents, Mr. and Mrs. A. B. Chaffee.

Week-end guest at the Allen Billings home was Hilma Lee Taylor of Portland.

Mr. and Mrs. Marvin Ransier of Ordinance spent Saturday with his mother, Mrs. Nora Ransier.

Mr. and Mrs. Jack Mulligan made a lying trip to Oswego Sunday to get a repair for the combine, returning the same day.

Mr. and Mrs. Leo Root left Sunday for Athena where they joined their son and family, Mr. and Mrs. Vernon Root, motoring on to near Tollgate for a picnic dinner.

Mr. and Mrs. Bert Montague and son returned from Los Angeles Monday where they spent a week with relatives. Mr. Montague is recuperating from a bad leg and wasn't able to work for a few days.

Mrs. Esther Knight and children, Edna and Fred, returned Sunday from Sunnyside, Wash., where they spent a few days visiting.

Don't forget the Greenfield grange auction fair which will be held August 28. In this fair exhibits are entered, and judged, later to be auctioned off and all proceeds go to the grange treasury. This is a social fair, put on by grangers, and in no way is connected with the North Morrow County Fair. The public is invited.

The Pendleton Grain Growers of Pendleton are coming Tuesday to spray the Jack Mulligan cattle with a DDT solution that is to protect the stock from insects for the summer season. Mulligans have about 100 head of cattle.

Mr. and Mrs. R. A. Fortner were guests at the home of Mrs. Fortner's parents, Mr. and Mrs. Fred Lucas, in Heppner Sunday. The Fortners took their little granddaughter, Cheryl Lindsay, with them and her parents, Mr. and Mrs. Bruce Lindsay of Kinzua, will meet them in Heppner.

Ralph Earwood will leave Wednesday for Condon where he will assist his brother-in-law, Rudolph Steinkie with his weeding for a couple of weeks.

Mr. and Mrs. Jack Mulligan motored to Pendleton Wednesday.

Mr. and Mrs. Bill Morrison of Dayton, Wash., spent the week end with Mrs. Morrison's parents, Mr. and Mrs. R. S. Wilson, also with their daughters, Lane and Dianne, who are with their grandparents for a few weeks.

Little Elaine Garrison of Vancouver, Wash., who has been with her grandparents, Mr. and Mrs. Chas. Andereg for several weeks returned home this week. Elaine is the daughter of Mr. and Mrs. Bill Garrison.

Dinner guests Sunday at the Russell Miller home were Mrs. Miller's brother and sister-in-law, Mr. and Mrs. Berl Akers and family of Ione.

Mr. and Mrs. Elvin Ely and family motored to Morgan Sunday and were guests at Mr. Ely's

parents, Mr. and Mrs. H. O. Ely.

Mr. and Mrs. Ray Barrows of Ordinance were dinner guests on Monday of R. C. Peters and his sister, Mrs. Jane Martin. The party went fishing in the Columbia river in the afternoon.

Mr. and Mrs. John Mulligan moved to their new home in Albany Tuesday. Their daughter-in-law, Mrs. Jack Mulligan, took a pickup load down for them.

Mr. and Mrs. Z. J. Gillespie took their son Lynn to Walla Walla Thursday, where he will be given laboratory tests for his kidney ailment.

Albany, Ore., named after Albany, New York, had its beginnings 100 years ago when the site was purchased by two pioneers for \$100 and a horse.

COUNTY CLERK'S SEMI-ANNUAL REPORT

By FRANCES MITCHELL, Deputy.

New Phone Gadget Announced By Bell Telephone System

A new invention devised as "an amazingly simple device capable of performing efficiently nearly all the functions of an ordinary vacuum tube" has just been announced by the Bell Telephone laboratories, the research arm of the Bell system.

According to D. A. Short, assistant manager for The Pacific Telephone and Telegraph company here, the new device is known as the transistor and it may have far-reaching significance in electronics and electrical communication.

The whole apparatus is housed in a tiny cylinder less than an inch long. It will serve as an amplifier or an oscillator, yet it bears almost no resemblance to the vacuum tube now used to do these basic jobs. Comprising two hair-thin wires touching a pinhead of solid semi-conductive metal soldered to a metal piece, it has no vacuum, no glass envelope, no grid, no plate, no cathode and therefore no warm-up delay. Tests have shown the transistor will amplify at least 100 times.

In a recent demonstration, the transistor was used to amplify the electrical speech waves traveling between two telephones, a function now performed by vacuum tubes. In another demonstration, a radio broadcast was heard from a set using several tiny transistors instead of vacuum tubes.

Services of the Bell Telephone laboratories, including all patent rights and patent protection, are provided the Pacific company and other Bell system companies as a part of the license contract.

ance on a "comparative health" basis is July 31st, Charles M. Cox, Veterans Administration representative for this area, pointed out today.

Ex-GIs may reinstate any amount of their service insurance—from \$1000 to \$10,000 in multiples of \$500, Mr. Cox stated. Before August 1, term policies can be restored in most instances without a physical examination.

Only steps necessary this month are a short, three-question form which certifies that the veteran's health is as good now as when his policy lapsed, and payment of two months' premium.

After July 31, veterans still may reinstate service policies, but if they have lapsed for more than

three months a "physical" will be required.

About 300,000 ex-GIs in the Pacific Northwest have no GI insurance in force now and are eligible to reinstate up to three billion dollars of this low-cost protection, Mr. Cox added. Nearly one-third of these are in Oregon.

Lady of the Woods, the only lava rock sculpture in the West, was carved by a lonely army engineer years ago when the federal government was building the first auto roads in Crater Lake National Park, Oregon. Though little publicized, the stone maiden in her rocky sleep is visited in the deep forests by many hundreds of sightseers every summer.

HOW TO SET UP HOUSEKEEPING ..telephone style

- Building a home for telephone equipment is a big and complex job.** The framework must be extra massive to carry heavy loads and resist shock. To make room for equipment, the stories are taller, too. This new building, larger than most but of typical construction, has fifteen floors...yet it's as high as a twenty-story building.
- The "furniture" for our telephone home is the equipment needed to handle your calls.** Manufacturing and installing it takes time...and lots of money. Your new telephones can't get to work without it, so we're putting in equipment, constructing buildings, and providing other facilities to the tune of over half a million dollars a day.
- A lot of close, exacting work is still ahead.** Thousands of tiny connections must feel the heat of a soldering iron before new equipment can handle your calls. Scenes like this are common in telephone offices all over the Coast today as we build and expand—in the face of high costs—to meet the West's growing needs.
- Where does the money come from?** Millions of new working dollars...needed to extend and improve service...must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This depends on the sale of our services at fair and adequate prices.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

Gallon for Gallon It's Miles Ahead!

Come in... learn about the year's big thrift development in the fine car field!

You'll discover a new kind of efficiency—**three-way efficiency**—in Packard's war-born, "free-breathing" engine design.

There's the efficiency of slower piston speeds. Result: extra smoothness, longer engine life.

There's the efficiency of streamlined fuel distribution and new valve design. Result: instant-responsive reserve power for "safety-sprint" acceleration.

And best of all: Packard's stepped-up engine efficiency permits more economical rear axle ratios — pays off in up to 10% more miles per gallon!

Come in—find out for yourself how the luxurious new Packard Eights are winning special fame as **gas misers!** The news is waiting, right now, at your nearest Packard dealer's showroom!
