From where I sit... by Joe Marsh

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:
"Remember there are two sides to every question. Get both sides. Be truthful."
A good slogan... not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider.
And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

Our Policy on PONTIAC Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you

are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

- ORDERS FILLED BY PRIORITY**
A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. Otherwise, all orders will be filled on the basis of the time when they are received.
- YOU SPECIFY ACCESSORIES**
While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. (Some items may be lacking due to current shortages; but none will be added.)
- REGARDING TRADE-INS**
Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.
- WE WANT YOUR ORDER**
And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.
- YOU PAY FACTORY-SUGGESTED PRICE**
Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only the factory suggested price on your model—which will be shown in a published list of local prices.
- WE WILL ESTIMATE DELIVERY DATE**
Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.
- Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.
- Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.
