### CHARLES RUGGLES HEADS MARCH OF DIMES CAMPAIGN

 ho at this time. There are some counties in the state without pox cases in Umatilla county and no section is immune.  
 According to Mr. Montez, it is advisable to build up a strong reserve in each county so that funds will be immediately available in the event there should be an outbreak of the disease. It costs approximately \$2,000 per patient to provide the proper care.  
 The local campaign is scheduled to start the first of January and will continue until January 30, the birthday of the late President Franklin D. Roosevelt.

### News From C. A. Office

Approximately 540 replacement heifer calves were vaccinated for Brucellosis the fore part of the week. This is the first step in the control program to stamp out Bangs disease in Morrow county, which was started on June 15, 1948 when, upon presentation of several petitions, the county court called a hearing of livestock producers and declared the county a Bangs compulsory test area. All livestock will be required to be tested and work will begin on this as soon as sufficient veterinarians to handle the test are obtained. Testing is expected to begin within the next month.  
 Doing the vaccinating, which is a safeguard to the future herd, was Dr. Hayden, assistant state veterinarian, state department of agriculture, and Dr. Taylor, bureau of animal husbandry.  
 Livestockmen who wish to have heifer calves vaccinated should notify this office or one of the county livestock disease control committee members who are, Cleve Van Schoack, Floyd Worden, John Graves, Walter Wright, Al Bunch and Paul Hisler, all of Hepner.  
**NEWS FROM HDA DESK**

 New officers for the Irrigon home extension unit are, chairman, Mrs. Ida Slaughter; vice chairman, Mrs. Viola Bengier; secretary, Mrs. A. C. Houghton.  
 Several people are "housing" minded these days. Among them are the Garland Swansons, Ione, and Truman Messengers, Lexington; Leta Humphreys, Paul and Willard Warren, and Claude Grams of Hepner.  
**DEMOLAYS VISIT FOSSIL**  
 Several members of Hepner lodge No. 69, A. F. & A. M. accompanied a group of boys to Fossil Saturday evening where a DeMolay meeting was held. An initiatory service was held in which the membership of the district was considerably enlarged. The district is comprised of Morrow, Gilliam and Wheeler counties.

izens will be welcome over that way.  
 . . . .  
 This is a year of upsets—for Oregonians, at least. First, Oregon votes for Dewey but the nation as a whole goes against him. Now comes our grand old state with a championship football team all set to play in the Rose Bowl on January 1, 1949—and what happens? Puff! Just like that the Pacific Coast conference votes to have California (meaning the University of California) represent this end of the country in the grand championship. It is too bad California couldn't see fit to meet the Oregon Ducks in a playoff game. Too bad for Oregon, that is, for there is little doubt but that there would have been no decision for the conference to make. At least that is the opinion of most of the football followers around these parts

who feel that Oregon is the logical team to meet Northwestern in the New Year classic.

Here's hoping you can enjoy your Thanksgiving turkey — at about five cents per bite.
