Time to Save Electricity!

4:30 to 6:30 EVERY WORKDAY AFTERNOON

At Christmas-time the use of electricity always reaches a new high. This year the situation is serious, because big new power plants couldn't be built fast enough to keep up with the demands of this fast-growing Northwest. There may be a complete breakdown of electric service unless everyone reduces his use of electricity. The critical hours are 4:30 to 6:30 in the afternoon. Please save electricity during these hours... every way you can.
