

Death Claims Two Boardman People Over Week End

By Mrs. Florence Coats
Boardman community was saddened this week end by the death of two residents. Mrs. Mary Messenger who had been ill in the St. Anthony's hospital in Pendleton the past three weeks passed away Sunday evening. Funeral was held at the Community church Wednesday February 9, 2 p.m. The Rev. Chas. Eble officiating. Mrs. Messenger is one

of Boardman's oldest residents. Edgar Moore passed away Saturday, February 5, at his home. Mr. Moore had been ill with heart trouble and was leaving the hospital on his way to the hospital when death overtook him. The funeral was held Thursday, February 10, at the Congregational church in Condon, the old home of the Moore's. Mr. and Mrs. Moore have lived on the project many years.

The vocational education instructors and the veterans extension class for Morrow and Umatilla counties was held in the Boardman gym Thursday evening, February 3. Those present were Dick Wightman, veterans instructor; Francis Cook, voca-

News From C. A. Office

Attending the State PMA conference last Thursday, Friday and Saturday, Feb. 3, 4, 5 were Lloyd Howton, Hepner; Don Heliker, Ione; Don Kenny, Irrigon, members of the Morrow county PMA committee. Ex-officio member, N. C. Anderson and Bill Padberg, secretary, attended also.

Among the many things discussed at the conference were ways of adapting the agricultural conservation program to the farmers in the state.

It is now that the life cycle of the dangerous grub, in livestock, can be broken. Rotonone is the only insecticide which is effective

tional instructor, Hepner; Tim Telfson, veterans instructor, Pendleton; Walter Farmer, agricultural instructor, Hermiston; Bill Barratt, veterans instructor; Ronald Black, agricultural instructor, Boardman, and Elmer Sullivan, assistant state supervisor agricultural education of Salem. Mrs. Ronald Black served the group a steak dinner at 6 p.m. which was greatly appreciated by all.

Mrs. Dick Plumb of Bend is a house guest at the home of her son and daughter-in-law, Mr. and Mrs. W. E. Garner.

Frank Connell of Ukiah is visiting his mother, Mrs. Theresa Connell, for a few days.

The Teleweld contracting work which was to have started near Boardman this month has been delayed due to the cold weather, but is to begin in the near future.

Ed Rayback, foreman, came from Kearney, Neb., where he has been with his father for the past month, on Monday, for the truck and will drive to Salt Lake, Utah.

Chicken pox is getting a good start in the school this winter. At present there are several students absent and many more exposed who are looking forward to a few days' vacation.

The second of the series of pinocle card parties was held on Wednesday evening, February 2, at the grange hall. There were ten tables playing with high honors going to Mrs. C. Crane and Ray Brown, while consolation went to Mrs. Ralph Skoubo and Clyde Tannehill.

The pinocle club met Friday at the home of Mrs. W. E. Garner. Mrs. Art Allen received high honors and Mrs. Hazel Shannon, low. Those present were Mesdames J. Skoubo, Jeannie West, Shirley Aylen, Norma Guinn, Tillie Poolie, Mable Allen, Hazel Shannon and the hostess, Geraldine Garner.

Greenfield grange members attending Pomona grange at Lexington were Mr. and Mrs. Clyde Tannehill, Mrs. Florence Root, Mrs. Mabel Allen, Mrs. Mary Lee Marlow, Mr. and Mrs. Eugene Stalcup. Mr. Tannehill was elected to the master's office to fill the unexpired term of the master, who has moved away.

Saturday visitors in Pendleton were Mr. and Mrs. Z. J. Gillespie and son Donald, Mrs. Kate Grendling and Ralph Smith, Mr. and Mrs. Robert Harwood, Mr. and Mrs. Ronald Black. The Harwoods and Blacks motored on to Walla Walla for the afternoon and evening.

Mr. and Mrs. Frank Marlow motored to Stanfield Monday.

Mr. and Mrs. Russell Miller entertained at dinner Sunday evening the following relatives and friends, honoring Mrs. Effie Miller's and Clyde Tannehill's birthdays. Others present were Mr. and Mrs. Robert Miller, Mrs. Clyde Tannehill and Mr. and Mrs. Arthur Allen.

County Commissioner Russell Miller motored to Hepner Monday.

in killing the maturing grubs which lie under the cattle's skin. Small warble grubs cut thru the skin on the animals backs during the winter months. They remain under the skin and breathe through these holes for 30 or 40 days and may be found there sometimes as late as the latter part of April.

Spraying is timed by the appearance of grubs in the back. When the grub begins to appear, which varies in time from year to year, they are treated. In checking herds in Morrow county the grubs are now in the stage to be treated. An application now should be followed with another in about 30 days. Two or more applications are necessary as there are at least two different species of grubs, which mature differently.

A 5% rotonone wettable powder mixed at the rate of 7 1/2 pounds to the 100 gallons of water will treat 175 to 200 animals. The spray should be applied at 400 pounds pressure. The spray should be coarse and the spray gun should be held 10 to 12 inches above the animal's back.

When only a few animals are to be treated, the rotonone can be used as a dust. It should be worked into the hair so it will penetrate to the grub.

Culling ewes that remain dry their first year will mean increased lamb production. Ewes that have a lamb their first year will average about 15 pounds more of lamb the following three years than ewes which fail to lamb in the first year. Ewes that have twins in their initial year may average as high as 20 pounds more or lamb during the next three years.

Meeting with the county agent in early January, Grange agricultural committees and managers outlined an agricultural program that the granges wish to actively carry out this year. These committees, from each of the subordinate granges as well as Pomona, will meet with the county agent each month in working out the projects.

The projects set up for 1948 are weed control, cooperation on the county fair, rat control, education in Bangs and T.B. testing, education on wheat smut control, and sponsoring a training meeting on the operation of the 16 m.m. projector and designing fair booths.

Arrangements are being made now for programs in several of these projects with the first to be a series of rat control demonstrations to be put on throughout the county.

Mrs. Gene Ferguson, Hepner, accompanied Miss Mabel Wilson on a trip to Stanfield Monday.

Mrs. L. A. McCabe, Ione, attended the Wednesday session and banquet. This banquet was given by Sears, Roebuck Co. whose representative, Jean Lovejoy, was present to welcome the leaders.

Mr. and Mrs. John Graves and Mr. and Mrs. N. C. Anderson were also present for the banquet.

George Hermann, Lexington, is the latest 4-H member to obtain a feeder calf for a club project. George purchased the 383 pound Hereford steer from the John Graves herd.

This is the first calf to be fed out by George. He plans to fatten this steer for the county fair next fall.

All 4-H beef members should check their calves and breeding animals for grubs now. If they are found, they should be treated at once with rotonone. For just a few head the rotonone is easily applied as a dust. It should be "bluffed" into the hair on the back so that it will penetrate into the grubs. About 3 ounces of 5% dust treatment will be needed. The first treatment should be followed in 30 days with another.

You had better check calves for lice, too. If they were infested and you did not get them killed last fall, they will have multiplied by now until they are sucking your animals. A DDT spray or dust can be used for this.

LEXINGTON CHURCH OF CHRIST
Z. Franklin Cantrell of Hermiston will hold services at the Lexington Church of Christ at 8 o'clock p.m. Sunday, February 13. The public has been extended an invitation to attend.
