By Echo Palmateer  
L. A. McCabe, 4-H club leader, received the following letter from Miss Esther Takesrud, a club agent who visited recently: "As I have been back over our series of conferences, one of the highlights was the evening at Lone. You had such an excellent program and I am sure that it accomplished much in the interest of 4-H club work. Your community is proud of its young

people and of its Parent-Teacher organization. It is one of the finest I have visited. My very best wishes to you and your 4-H club work in 1949."

**From where I sit... by Joe Marsh**  
  
**Remember How We Talked?**  
It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."  
"Now what kind of language is that?" Hap barks. "Can't she speak English?"  
"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes?" Hap went back to reading his newspaper.  
From where I sit, it's easy to criticize the other person when we don't take a good long look at ourselves. Sure, there'll always be some differences. I'm fond of a temperate glass of beer and maybe you would prefer ginger ale—but let's just live and let live. Because when we go out of our way to find things to find fault with in others, chances are they can find a few in us, too.
