Oregon 4-H club members are again being offered the opportunity to raise pheasants for the Oregon State Game commission. State Club Leader L. J. Allen has announced.

Eggs will be shipped prepaid to any 4-H club member in Oregon who has the approval of his county extension agent to participate in the project. The game commission will pay club members one dollar apiece for all birds raised to condition for release at age 10 weeks.

Young pheasants will be released by an agent of the game commission with some of the birds to be freed on the club member's property if environ-

mental conditions permit. Allen explains. The purpose of the project is to teach club members appreciation of wild life resources and to encourage interest in wildlife conservation. Allen adds. County extension agents have complete details concerning the project.
