New K-F "Traveler" Is Two Cars In One

SOMETHING NEW in the automobile industry is the "Traveler," a lower-priced '49 multi-purpose sedan being introduced by Kaiser-Frazer dealers. To all appearances it is a conventional four-door model. But the rear seat cushions fold away and the entire back opens to provide access to more than 130 cubic feet of cargo space. When not in use as a carry-all, the "Traveler" is a deluxe, six-passenger family sedan. The cutaway-view shows how the seat cushions and hinged rear panels function.

Ve will be able to make delivery on the "Traveler" on an after April 25
