St. Patricks Church and Rectory

Much progress has been made  
within the last 10 years in build-  
ing up this parish. Time was  
when the only church in the parish  
was the frame building where  
the American Legion hall now  
stands.

The property on which St. Pat-  
rick's church and the new rectory  
now stand was acquired in 1941.  
Excavation commenced Septem-  
ber 18, 1941 and the church was  
dedicated November 27, 1941 by  
Bishop McGrath. It was built by  
McCormack & Foley, contractors  
from Pendleton and the architect  
was L. L. Dougan of Portland.

When the church was completed  
the committee decided to go  
ahead with the rectory but the  
war intervened.

The latest accomplishment is  
completion of the new rectory  
which was officially opened on

From where I sit... by Joe Marsh

Two Heads Are Better  
Than One (Or None)

I get a kick out of buying stuff  
down at the hardware store. And  
I always ask for a little advice from  
one of the two brothers who run it,  
because I know beforehand exactly  
what the answer will be.

Like when I needed a new garden  
hose. "Henry," I says, "how  
about this new plastic hose—is it  
really as good as rubber?" "Well,"  
he says, "I'm inclined to think it  
is—but you'd better ask Tom."

I found Tom in back and asks  
him the same question. "Well,"  
says Tom, "in my opinion it is—

but you'd better ask Henry." "I  
already have," I says, "and when  
you two cautious old codgers agree  
I'd bet my life on the decision."

From where I sit, your own opin-  
ion is worth a lot—but so's the  
other fellow's. That's why I keep  
saying, over and over, let's be tol-  
erant of the other person's point  
of view—whether it's on politics or  
farming—or whether you like milk  
shakes and he prefers a temperate  
glass of beer.
