

This Is An Invitation

To the three hundred or more signers for Rural Electrification and all others interested in the various uses of electricity to attend

Open House All Day Saturday, June 11

at our places of business in Heppner

At the school on electrification held Thursday at Lexington Grange Hall, you heard discussed the types of Electrical Equipment that are used most generally

From baby's bottle-warmer to the furnace in the utility room.

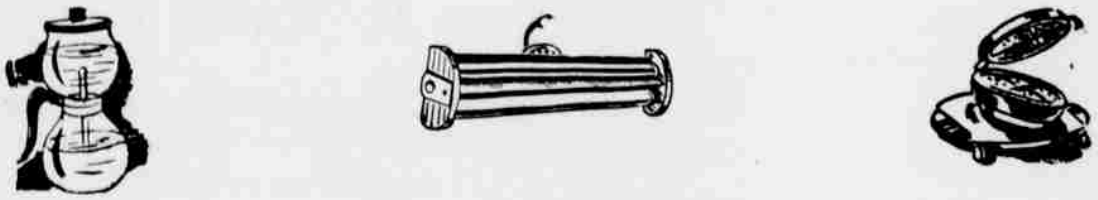

Electricity is Your SERVANT

And a mighty cheap one, at that. It's on tap whenever you want it to help clean house, cook food, entertain — yet it only costs pennies.

First items purchased as a rule are

<p>Washing Machines Refrigerators Stoves</p>		<p>Hot Water Heaters Deep Freeze</p>
--	--	--

Now that Electricity will soon brighten the ranch homes as well as those in town, there are many other appliances to lessen the labors and to add to the pleasures of living.

Any organization that grows to more than 100,000 voluntary members in a few years must have merit. That is what has happened with Oregon Physicians' Service. Prepaid Medical and Hospital protection at modest cost has been available from O.P.S. since 1941. Members have a wide choice of physicians, surgeons, consulting specialists and hospitals... The O.P.S. plans that have proved so satisfactory to more than 100,000 Oregonians may be of interest to you.
