CHURCHES LEXINGTON CHURCH—Your Community Church Z. Franklin Cantrell, Minister Have you ever stopped to think about yourself, and ask yourself why you do the things you do, whether they are good or bad? Yes, we are a free people, with the privilege of doing what we want to, so when you go to church it is because you want to; like wise, when you stay home, or go elsewhere, it is because you want to. Our church attendance is holding up in spite of the vacation season, and it's because you are keeping it up, so let's keep up the good work, praising our Lord. Church school 10 a. m. The Herald TREES ARE A CROP! This newspaper grew in a forest Until it was discovered that paper could be made from wood, there were no great daily papers as we know them today. Today, trees flow in a continuous stream from forest to pulp and paper mill, to roaring presses, to you. And because trees grow—our forests are one great natural resource that can be replaced—Americans can always enjoy their favorite newspapers. Today, America's woodland owners are learning about "good forest management". On areas called "tree farms", we are growing—like other crops—trees for tomorrow. Everyone has a share in our forest future, and a share of responsibility, too. It takes all of us to keep our forests safe from fire. Think—act to KEEP AMERICA GREEN. Kinzua Pine Mills Company
