

EASTERNERS VISIT

Guests at the Oliver Creswick home are his brother, Frank Creswick, and family, who arrived the past week from their home in Connecticut, Rhode Island. Frank Creswick is just out of the navy after a hitch of several years and is interested in finding a location in the west—and his brother, now a full fledged westerner, is anxious to have him stay here.

Among those from Heppner spending the week-end at Birmingham Springs were Mr. and Mrs. Robert Dobbs and daughter Shirley; Mrs. Alma Morgan, Mrs. Juanita Massey and Mr. and Mrs. Milton Morgan. Mr. and Mrs. Edwin Tucker moved their household effects to The Dalles Monday. Mr. Tucker has secured employment at a garage there.

Cummings Creek Fire Calls 20 Men From Monument

By MRS. MILLIE WILSON Mrs. Lulu Settle was again calling on her doctor in John Day on Friday. She returned home Sunday. According to the record of the weather at the guard station, Sunday, July 31, was the hottest day of the year. The thermometer stood at 100 degrees. Monument is having more than its share of fires this week. There were five in the vicinity of Ritter and five in the Radio area. The largest one started Saturday afternoon near the head of Cummings creek. It is thought it started from a sleeper following the electric storm earlier in the week. Twenty men were called from Monument Saturday evening. Another 20 went out early Sunday morning. By Sunday night it had spread to 160 acres. Mr. and Mrs. Guy Shaw of Hermiton made a brief call on Mr. and Mrs. Chet Brown of this city. They had been at the Ritter hot springs.

Mr. and Mrs. Pete Christenson of Portland are the proud parents of a baby boy, Martin Lee. The paternal grandparents are Mr. and Mrs. Che (Brown) of this city. Mr. Christenson is on the police force in Portland. Mr. and Mrs. Roy Holmes drove to Pendleton Monday. They were accompanied by Mrs. Millie Wilson as far as Echo where she visited her new granddaughter, Linda Sue Williams. Mr. and Mrs. Roy Leathers of Top and Mrs. Fay Gay were dinner guests of Mr. and Mrs. Chance Wilson Sunday. Bill Lesley, Roy Leathers, Bob Criswell and Oatis Stubblefield left early Monday morning for Deer Lick Springs in California where they expect to spend the next month. Mrs. Evelyn Gillanwater, (nee Rue) and two daughters of Payette, Ida, and Miss Cora May Rue of Ontario stopped in Monument to visit friends Friday. At one time the Rues lived at Top. Miss Rue is a graduate of the Monument high school. Mrs. Gillanwater was a Grant county teacher for several years. After visiting friends and relatives at Top they drove through the mountains to Heppner. Jim Healy and Cecil Hicks of Heppner installed a butane range and hot water heater in the Geo. Stitt home Friday.

Mr. and Mrs. Roy Cork and niece, Donna May Fleming, left for Bend where Donna May will stay to visit her grandmother, Mrs. Mabel Cork. Mr. and Mrs. Cork drove on to Roseburg to visit their son-in-law and daughter, Mr. and Mrs. Joe Simas. On their return trip they will visit another son-in-law and daughter, Mr. and Mrs. Bob Lesley. Mr. and Mrs. Miles Gilman and son, Charles drove to Baker to spend the week-end with their son-in-law and daughter, Mr. and Mrs. Charles Pope. Mr. and Mrs. Ed Enright were business visitors in John Day on Saturday. Mr. and Mrs. Kenny Round are moving from the Daisy Simas house into the Alfred Patzer apartment. Mr. and Mrs. Miles Gilman will move from the Ethel Schaefer house into the one vacated by the Rounds. The school boards held their regular monthly meeting Saturday. It was decided to have school open on the first Monday in September. Earl Sweek, Mrs. Earl Johns, Mrs. Harlan Shank and Mr. and Mrs. Carl Cox were among those attending to business matters in John Day Monday. Mrs. Richard Cox left last week to visit her father in Eugene. She had received word that he was seriously ill. Mr. and Mrs. Harlan Shank left the first of the week for Hood River. Mrs. Ellen Stubblefield and Ann Johns are looking after their store. Mr. and Mrs. Fred Roach of Long Creek stopped in Monument to have some repair work on their trailer. While here they visited Mr. and Mrs. Chance Wilson. Mr. and Mrs. Clifford Merrill of Eugene were visiting friends in Monument the first of the week. On Wednesday they were overnight guests of Mr. and Mrs. Ed Enright of Top. Before returning home they expect to go into the mountains and search for huckleberries.

requirements: Gasoline and oil, tires, tire repair, towing service, parts, greasing and cleaning, and labor. Bids will be opened August 25.

CALL FOR BIDS School district No. 1, Heppner, will accept bids for the storage (when necessary) and servicing of motor vehicles from September 1, 1949 to September 1, 1950. Re-

Claudine Carver, Clerk Heppner, Oregon.

Come in right away and find out how easily you can have the modern, electric cooking you want... \$199.75

CASE FURNITURE CO. Authorized Montag Dealer

Next Sunday is a big day for Jeanne Determann Sunday evening, a little after 8:30 o'clock, the announcer on the Standard Hour will say... "Now, a young artist we believe has a great future in music will entertain you—Jeanne Determann, soprano from Los Angeles." And Jeanne, who works as a secretary, will sing for the first time with a great symphony orchestra... for an audience of nearly a million people. We don't know what this chance will mean to Jeanne, but similar Sunday evenings have been very important in the careers of many singers and musicians—Clara Mae Turner, contralto, and Jerome Hines, basso, both with the Metropolitan Opera Company, Dorothy Warenskjold, soprano with the San Francisco Opera Association, Paulena Carter, concert pianist, and others. For it is our policy on the oldest of all symphony network broadcasts to help talented young people whenever possible... so that, from time to time, the hour that's yours can also be theirs.

STANDARD OIL COMPANY OF CALIFORNIA plans ahead to serve you better "The Standard Hour," 8:30 p.m., Sunday, NBC

These telephone men will soon make a damaged long distance cable carry calls again. Come along and see how.

THEY GET GOING FAST WHEN TROUBLE STRIKES Telephone repairmen's big job is keeping your calls moving

1. When someone's ditch-digger bites a chunk out of a long distance cable—and it happens now and then—repairmen get on the job fast to fix it. Back at a test center, sensitive instruments located the break and splicers hit the road. Almost simultaneously, many calls were routed through other cities to get them through with as little delay as possible. 2. Service restored...the hundreds of tiny wires have been spliced temporarily and, even as the workmen stow their tools, calls are speeding through the cable. Later it will be permanently spliced without interrupting service. Such fast repairs are possible by planning ahead for emergencies, so trained people can be quickly pulled from other jobs. 3. Keeping service reliable makes your telephone a more valuable servant—just as keeping rates low as possible makes service a bargain today. A local call still costs just a few pennies...and calls to the East Coast at day station rates only \$2.50 plus Federal tax.

Your telephone is one of today's biggest bargains
