

Extension Unit At Lone Concludes Dress Shop Project

The lone extension unit met at 2 p. m. Friday at the Congregational church. Miss Mabel Wilson showed movies and a chart on cancer and demonstrated new materials and their treatment, by showing samples of materials and telling their uses in the home. A gift wrapping demonstration was given by Mrs. E. M. Baker. A business meeting, conducted by Mrs. Noel Dohyrs, chairman, was held. Miss Wilson reported on 4-H club work and stated that the leaders in this community were Mrs. L. A. McCabe, Mrs. Verner Troedson, Mrs. Garland Swanson, Mrs. E. M. Baker, Ruby Ann Rietmann and Lola Ann McCabe. Mrs. Omar Rietmann reported on the better dress shop which ended Thurs-

day, Nov. 3. About 8 dresses were completed, with more to be finished. Those completing the dresses under the leaders are eligible to make a coat or suit next year. Mrs. Dohyrs thanked the leaders, Mrs. David Rietmann, Mrs. L. A. McCabe, Mrs. W. R. Wentworth, Mrs. Omar Rietmann, Mrs. Sam McMillan, and Mrs. E. M. Baker. Refreshments were served by Mrs. Dohyrs.

Mrs. and Mrs. Roy Pettyjohn and son Jimmy are staying at the Earl McCabe home while Mr. Pettyjohn is working on telephone lines here.

Windmills first became common in Germany and the Netherlands.

Nominators Chosen To Name County Ag Committeemen

The county office of the Production and Marketing Administration announced this week that nominating committees had been chosen for seven of the county's nine agricultural communities for the purpose of selecting a slate of candidates for the coming farmer-committeemen elections.

In the other two communities, Boardman and Irrigon, the elections will be held at public meetings. Dates and places for these meetings are as follows: at the Boardman grange hall at 10 a. m. November 15, for Boardman farmers, and at the Irrigon school house at 2 p. m. November 15, for Irrigon farmers.

The present PMA committee, which made the appointments, explains that the nominating committees have been asked to choose two representative farmers as nominees for each position. To be elected in each community are a chairman, vice chairman, third member and two alternates to the community PMA committee, and a delegate and alternate to the county convention. Delegates to the county convention will name the county PMA committee for 1950.

Names of nominees have been printed on ballots which are being distributed to all eligible voters in each community. Voters will return these ballots by mail to the county office in Heppner.

"We hope by this method to make possible a near-100 percent participation in the committeemen elections," said R. S. Thompson, present county PMA committee chairman. "Since PMA committeemen are responsible for the local administration of national farm programs that affect practically every farm in Morrow county, we believe that every farmer who is participating in one of the programs should have a voice in choosing the committeemen."

Your voice can reach some 85 countries as easily as a nearby town. The low rates may surprise you.

"Calling Tokyo...4250"

How overseas service puts the world by your telephone

1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones...over circuits as long as 8,000 miles.

2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call... and set up an appointment call for you if you wish.

3. In 1927, the lowest overseas rate from the West was \$84.00. Now the maximum to most countries is \$12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.

From where I sit... by Joe Marsh

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that north of Boston the tomato reigns supreme, but north of Boston it's cream—or else!

From where I sit, whether it should have cream or tomatoes is simply a matter of taste. This is plain to anyone who doesn't come from clam chowder country.

What a great world this would be if we could all see that most prejudices are matters of taste only. Some like hot coffee. Some like it iced. Some people like a temperate glass of beer. Others prefer ice-cold lemonade. My grandmother used to say, "Prejudice that sees only what it pleases, cannot see very plain."

Joe Marsh
