Will We Be Thankful -or just full?

The Christian Thanksgiving transforms Thanksgiving Day from a mere self-congratulatory feasting time to a time of humble gratitude to God. Instead of the fool's thought, "Soul, take thine ease: eat, drink, be merry," it whispers. "What shall I render unto God?" and "How can I share my blessing?" It is coming to ask. "How can I help to remove the world's burden of poverty and wretchedness?"

MORE CIRCUIT-BREAKERS couling about \$20,000 each are being installed this year on the PPSL system. They are "fuses" to isolate trouble areas and improve efficiency of the Northwest Power Pool. PP&L is a pioneer partner in the Power Pool, which ties tagether the 300 public and private power plants of the Pacific Northwest.

Pacific Power & Light Company has spent \$25,000,000 on new construction since V-J day. These are taxpaying, job-making dollars-development dollars-invested here in the great Northwest to help meet your electrical needs.

The power requirements of a fast-growing region demand a steady flow of these development dollars into the Pacific Northwest. That is why all of us want investors to look on this region as a land of opportunity, and of fair reward. The investor whose dollars help extend and improve your electric service,

while sharing your tax burden, is truly a Partner in Progress!

IT'S HERE FRIDAY AND 50 WAYS NEW!

THE EXCLUSIVE NEW 100 H.P. FORD

ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower quieter speeds. And what power! There's a full 100 horsepower wrapped up in this V-8 design that

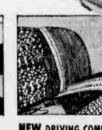

makes you master of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most convent "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

New sound conditioning in floor, doors and body panels insulates Ford's "Lifequard" Body against pad colless, filter extensive body insulation and sealing in 41 areas give additional interior quietness

NEW QUALITY FEATURES Ford's famous "Mid Ship" Ride is now so quiet you can talk in whis-pers while travelling at highway speeds. So smooth (with its great fear of "Hydra-Doil" and "Para-Flex" Springs) that it virtually crases every bump.

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you he long-lived driving countor of a new foam rubber frunt seat cushion over

But see it for yourself.

Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car:
