'YOKEL' and Why!

An Open Letter to S. Eugene Allen

Editor of the Oregon Labor Press

Dear Gene: It is common knowledge that no-one in the

others around the table at Hilaire's have heard you de-

nounce Morse as a "commie" sympathizer and political

your orders on that, too. What about Freedom of the Press,

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets . . . to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea-and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction - towards a friendlier, more pleasant world for all of us.

Maybe there's a reason why the boys on the big city dailies are poking fun at "Deadwood Dave." They all be-long to the Newspaper Guild which is affiliated with the CIO. Have you seen the issue of the CIO News for Jan-uary 2, 1950 which lists Wayne Morse as the only "Republican" senator with a perfect record of voting for CIOsponsored measures? Gene, we know you take your orders

from the labor bosses, is that where Morse gets his orders? Well, Gene we know the spot you are in. Oregon is on the spot, too. It will be six years before the people of Oregon will get another chance to vote on the office Morse

now occupies in the U. S. Senate. Maybe this is the last chance the rest of us "yokels" will have to wake up before the labor bosses and the burcaucrats put a yoke around our necks for good!

After all, if only a pinko college professor who has never had to meet payroll, who has never worn his country's uniform in time of war and who has fed at the public trough since he got his college diploma in Wisconsin is the *only* type of man qualified to hold public office in this country all we can say is GOD HELP AMERICA!

DAVE HOOVER: Born in 1898 on a farm in Wayne County, Indiana, of Quaker parentage. After leaving the 'little red schoolhouse" attended Richmond, Indiana high school, immediately following graduation, enlisted in the U. S. Army on May 6, 1917. Following war service, was employed by cotton exporting firm at Ardmore, Oklahoma. Moved to Los Angeles in 1923. Employed in law enforcement by Los Angeles county. Attended Southwestern University Law School 1930-1932, Resigned from his Los Angeles County law enforcement possition in 1942 after making outstanding record and returned to farming at Deadwood, Lane county, Oregon.
