

The story behind deepwater oil

A few years ago, a test well proved there is oil under the great Continental Shelf that extends out into the Gulf of Mexico, and although the well did not produce much, it started one of the most unusual—and expensive—drilling programs in history.

So far, in the search for underwater oil, seven drilling platforms have been built, similar to the one above, as far as 10 miles offshore and in water as much as 65 feet deep. They are set on tubular steel pilings driven 250 feet through the ocean's bottom, for they must be strong enough to withstand Gulf hurricanes.

The story behind this operation is the story of risk...and of determination to do everything possible to find oil for the growing needs of motorists, farms and industries. Each underwater field costs millions of dollars more than any of equal size drilled on

land, and although oil has been found, not enough has been produced yet to repay more than a small fraction of the costs.

Meanwhile, the money being risked is creating many jobs, spreading to hundreds of large and small businesses...and helping to keep our economy free, competitive and strong.

How jobs were created

How hundreds of businesses were helped

How a new source of oil was tapped

Piano Pupils Of Mrs. O'Harra Give Recital Wednesday

By DELPHA JONES

One of the year's most outstanding entertainments was held Wednesday night at the New O'Harra home when the piano pupils of Mrs. O'Harra entertained their parents with a recital. The rooms were beautifully decorated with daffodils and wild current bouquets. First on the program was a duet, Country Gardens and Morris Dance, by Shirley Ann Hunt and Betty Lou

Mr. and Mrs. Walter Wyss returned home from Portland Monday after a few days in the city. They brought their young grandson with them for a visit.

Mr. and Mrs. C. M. Carlson announce the engagement of their daughter Betty to Corporal Donald Casparie of the United States Air Force. Miss Carlson is a member of the 1950 graduating class of Boardman high and has lived the past several years in Boardman. The young people are being married in June after Corporal Casparie gets his discharge from the army.

Classic Styling, Modern Comfort

Duncan Phyfe influenced the table design, but the chairs are strictly modern comfort. They are cushioned with resilient foam rubber, upholstered in DURAN. Colorful table top is genuine MICALITE, the burn and stain resistant plastic. Table measures 35" x 48" closed, 35" x 60" open.

Case Furniture Co.

PRESENTING THE DISTINGUISHED NEW 1950

PONTIAC

Catalina!

The Most Beautiful Pontiac Ever Built!

There Are Two Brilliant Versions of the Completely New Catalina... The Super De Luxe and The De Luxe... With All the Dashing Grace of a Convertible... Plus the Luxury, Safety and Added Comfort of an All-Steel Body by Fisher!

Consider this a cordial invitation to come in soon and see the most beautiful car you ever laid eyes on!

It's the wonderfully good looking new Pontiac Catalina—a car that combines the dashing grace of a convertible with the safety and convenience of an all-steel Body by Fisher.

The Catalina is available in two models: The Super De Luxe in San Pedro Ivory and Sierra Rust, a color scheme featured throughout the car, even to the upholstery of hand-rubbed top-grain leather. The

De Luxe—available in the wide range of Pontiac colors—offers the same smart body with interior trim of fine broadcloth.

The new Pontiac Catalina is a sparkling car—and even better, it's a Pontiac, through and through! That means you will enjoy miles and miles of Pontiac's superb performance, and all of Pontiac's long-range economy.

Dollar for dollar you can't beat a Pontiac—and the Catalina is beautiful proof indeed! One look will convince you that here is the most beautiful Pontiac ever built!

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!
