Timberib

... THE BUSINESS-LIKE BUILDING FOR BUSINESS-LIKE FARMERS

Low cost; permanent construction; easy, fast erection; unobstructed floor and storage space—these are some of the big reasons why the arch top Timberib buildings are seen so often on America's finest farms.

The Timberib is a one-piece curved rafter that extends continuously from floor to ridge. It is formed of durable Douglas fir lumber, kiln dried and joined together under pressure with glues of permanent bonding strength. They are

- Pre-cut, need no further cutting or fitting.
- 4 times as strong as nailed rafters.
- Quickly erected with regular farm help.
- Available in widths from 12 to 75 feet, lengths as desired.

If you are contemplating a cattle barn, granary, loading barn, milking parlor, implement shed or utility building, ask us for complete information on Timberib buildings. No obligation.

Dollar for Dollar— you can't beat a PONTIAC

Character is written all over it!

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

Naturally, the convertible is the sweetheart of the Silver Streaks, a car with a manner all its own. But character is a basic Pontiac ingredient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.

Every new Pontiac has character written all over it and stamped deep into its background. That's an important reason why dollar for dollar, you can't beat a Pontiac!
