## From where I sit... by Joe Marsh

### Oh—My Aching Feet!

Other night just as I was settling down with a book and a mellow glass of beer, the wife calls down. "Joe—I almost forgot—you and I are going over to the High School and take dancing lessons!" Now, I can waltz with the best of them, so I put up a quiet struggle against going but it was no use. Turns out it was the class in square dancing. And from the look on some of the other men I judged I wasn't the only one there who had been taken by surprise! Miss Williams and Curly Lawson taught us what to do with our

feet, and before it was over, darn if I wasn't actually enjoying myself. Going back next week, too! From where I sit, we sometimes get an idea into our head for or against something and then hang onto it for dear life. Whether it's square dancing, or the right to enjoy temperate beer or ale now and then, we owe it to ourselves as Americans to take an open-minded attitude—that's even after we make up our minds about it!
