Declaration of Freedom

I believe in the sacredness and dignity of the individual. I believe that all men derive the right to freedom equally from God. I pledge to resist aggression and tyranny wherever they appear on earth.

I am proud to enlist in the Crusade for Freedom. I am proud to help make the Freedom Bell possible, to be a signer of this Declaration of Freedom, to have my name included as a permanent part of the Freedom Shrine in Berlin, and to join with the millions of men and women throughout the world who hold the cause of freedom sacred.

Out front with the finest yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest... yet in other respects it's in the fine car class. Take its styling, for example, for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car of any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.
