A GOVERNOR TO TRUST

. . . . with Oregon's Future

Clean . . . Vigorous . . . Efficient LEADERSHIP

In no other 20-month period of Oregon history has as much BEEN DONE in modernization of our state institutions, construction of new buildings for higher education, highway development (and on a pay-as-you-go basis!), tourist travel, peace-time industrial expansion, coordination of state agencies dealing with resource conservation and development, and effective budget control of state administrative expense.

Governor Doug McKay is doing the job the people of Oregon want done!

- The integrity of his administration has justly earned the confidence of the people.
- While many states are floundering under huge deficits and increasing taxes, Oregon's budget is balanced. We have avoided here the epidemic of deficit spending.
- No Governor of Oregon has succeeded in getting so many people to work together in a broad program of resource and industrial development.

A CONSISTENT RECORD OF SINCERE LEADERSHIP

During more than 20 years of distinguished public service, Doug McKay has kept the same ideals... the same convictions on the need for sound public policy and honest administration.

HE HAS NOT SACRIFICED HIS CONVICTIONS TO POLITICAL EXPEDIENCY OR REVERSED HIS OPINIONS AT ELECTION TIME UNDER THE LASH OF PRESSURE GROUPS. YOU CAN COUNT ON DOUG MCKAY .. YESTERDAY .. TODAY .. TOMORROW.

McKay has demonstrated that if your proposal is good for the people of Oregon, he will work with you and for you. He won't first count the political cost.
