Boardman Building Badly Damaged By Clash With Truck

A large semi-trailer headed west on the highway loaded with grapefruit crashed the east wall of Evalyn's Cafe Saturday night about 10:30 p. m. The semi is owned by Henry Schwein of Rocky Ford, Colo., and was driven by Ronald Stanley who was at the wheel at the time of the accident, and Donald Burgett both of Rocky Ford. The account as given by the two drivers was a touring car also headed west, stopped in front of the truck. To avoid hitting the car Stanley turned the truck left on the highway, plunging into the wall of the building, which includes the living quarters of the Smith family. The cold room wall was com-

pletely demolished. In fact the entire building was moved on the concrete foundation. Partitions in the cafe were moved about six inches and the ceiling badly buckled. The impact was so great large blocks of the concrete base were broken off. There was also much damage to the semi but there was no injury to either driver. Estimate cost of the damage will not be made until the semi owner and insurance adjusters arrive.

Don't be misled by special interests who hope to control the legislature for their own selfish ends. The Balanced Plan is endorsed by . . . Don't be Tricked

READ THE ADVERTISING PROHIBITION BILL CAREFULLY BEFORE YOU VOTE!

This measure implies a restriction on the advertising of alcoholic beverages only!

Because this measure would conflict with federal laws, it would mean total prohibition.

The effect, therefore, would be complete prohibition of all advertised brands of alcoholic beverages in Oregon!
