

Livestock Men To Hold Annual Meet In Heppner Saturday

W. A. Sawyer, superintendent of the Squaw Butte experiment station, Burns, will be the featured speaker at the annual meeting of the Morrow County Livestock Growers association which will meet on January 13. The meeting will be held at the lodge room of the Elks club in Heppner, beginning at 1:30 p. m. The afternoon program will be followed by a social hour, a banquet at 6:30 and dancing the rest of the evening.

Sawyer will speak on the range livestock experimental program being carried on at Squaw Butte station. These experiments are of interest to Morrow livestock men since range conditions at the station compare favorably with much of the

range here. Rotated grazing versus deferred grazing, breeding programs, progeny testing, and range improvement are a few of the subjects Mr. Sawyer will discuss.

New officers will be elected and committee reports given. Officers of the association now are Luke Bibby, Heppner, President; Herbert Hynd, Cecil, vice-president; Steve Thompson, Heppner, treasurer, and N. C. Anderson, Heppner, secretary. All livestock men are invited to attend.

Condon Shellacs Lone Cardinals By Score of 50 to 37

The lone Cardinals were handed their first casaba defeat this season on Saturday night when Condon, sparked by an exceptional boy named McLaughlin, rode on the high side of a 50-37 score. The Condon kids started out with the first whistle and poured through enough points to gain a comfortable lead which unnerved the Ionians to the extent of staying at least 10 points behind throughout the game.

McLaughlin, Condon's speedy forward, set the scoring mark at 24 points for the game. Gene Doherty placed with 16 points for Ione and the show ticket was won by Conboy of Condon with 14 counters.

Ione travels to Arlington this Saturday, January 13 for the first of a home and home series before league play begins. Leisegang and Bergstrom, of Echo, were the officials for the Condon contest.

The JV game was an opposite of the varsity drag, when the

Coach Whitbeck had sent out questionnaires on relationships between child and parent to each and treated upon the answers which he had received.

Refreshments were served at the conclusion of the program and the business meeting was presided over by the president, Mrs. Edmond Gonty.

lamette valley, less than 50 miles apart. Whether or not this will have any effect on the results cannot be foretold. Yet it is not often that executive officers are chosen from so small an area.

Multnomah county with 14 members drew 11 chairmanships which is over par, there being 25 committees to 60 members. Eastern Oregon has six for 16 members. It must be explained that length of service has more to do with appointment than geography and few old members are without chairmanships and no new men have them. The value of a committee chairmanship, like time, depends on what you do with it.

Governor and Mrs. McKay stood in the executive office after his inaugural message and shook hands with a two hour line of people with army and state police brass watching the show. One must wonder how many cows could be milked with the hand exercise that goes with shaking 500 hands. A dairyman might have a slight advantage in politics.
