Sometimes Good Intentions Aren't Enough

That fire at the Griffin place didn't do much damage last week, but Volunteer Chief Murphy was pretty angry about it. Spoke to some of us over dinner and a bottle of beer.

"Griffin's farm is a good mile from town," he said. "And by the time we'd dodged all the people on the highway who were going to watch, we hadn't a minute to waste."

"Then blamed if those sight-seers hadn't parked cars right in Griffin's driveway and there was a mob of people milling around the house—just gawking. Joe, tell

folks a fire's no sideshow. Ask 'em to think of the other fellow!"

From where I sit, some of us need to be reminded occasionally that even though our intentions are good we may be unfairly interfering. Whether it's blocking the right-of-way of fire equipment or criticizing a person's right to enjoy a temperate glass of beer now and then—the American Way is to give way, and give the other fellow his fair "share of the road!"

Complete "The Picture" and win a "Prize"!

The dream that George Washington and his fellow-founders of this great republic had in their minds is unfinished business too!

It is our privilege to help "complete that picture." And the prize—freedom to grow as individuals in a world at peace—will be worth the effort.

But effort it will take. For every single citizen has his line to draw—with his voice, with his voting, with

his personal devotion to the grand design.

Right now it's tough going. And it may get worse before it gets better. Sometimes it seems almost as if unseen hands were busy erasing as fast as we can draw!

So?—So let's draw faster, harder, with greater personal devotion than ever to the grand American design. And win that prize—freedom to grow as individuals in a world at peace!
