To a man who likes lights

"It's not that I'm blinder," said Algernon Sites,  
"Of late I just seem to enjoy lots of lights!"

"I'm so much more cheerful with lights in my life  
It's noticed by even my children and wife.

"What's more, I'm resolved that in this residence  
These lights will stay on—and to heck with expense!"

At this chance remark, Reddy Kilowatt ran  
To bring home some facts to this misguided man.

He said: "Mr. Sites, you'll be happy to know  
Pacific Power rates are really quite low.

"So turn on your lights, and relax when you do.  
The difference in cost? Just a penny or two!"

PP&L electric rates are low! Yes, in spite of rising costs of almost everything else you buy, the average price paid for Reddy Kilowatt's services is 40% lower than in 1940. During the same period, other costs of living have gone up more than 80%.

PP&L rate cuts since 1940 have meant total net savings to customers of more than 18 million dollars. No wonder people here say: "Electric service is the biggest bargain in the budget!"
