## Trials and Tribulations

Until you have been a country weekly editor, publisher, printer-operator, you cannot appreciate to the full what the Gazette Times staff has undergone to get out this week's issue. Everything was sailing along smoothly and there was an air of optimism relative to getting the paper out on time when on Wednesday afternoon the linotype began to give trouble and this trouble grew rapidly into serious proportions. After spending many hours trying to put the machine back into production and seemingly getting farther from that

point every minute, the staff decided it was futile to waste more precious hours and that the thing to do would be to impose on some kind neighbor publisher. In this instance the Condon Globe Times was the kind neighbor. We are indebted to Publisher Stewart Hardie and his staff for the use of the Globe Times Intertype Thursday night. We trust our readers and some of the contributors will bear with us if the news situation has been briefed in some instances. Where copy will not appear out of date it will be held over for next week. In the meantime a couple of printers hope to get a bit of sleep before another issue is due.
