Moisture Needed

There has been little alarm up to the present concerning grain crops in this locality but there are some signs that rain would be welcome. Many fields have a healthy complexion while others are not looking so well. To make the picture brighter all around there should be some showers of rain within the next few days.

Grain districts have fared much better than the fruit districts. It is possible that a late start resulting from the heavy late winter freeze is

accountable for the fact that wheat is not at the stooling stage, otherwise it might be a different story. The freezing weather of the last ten nights or so has virtually cancelled the soft fruit industry for 1951. From all accounts the cherries are done for and it doubtful if there will be apricots and peach crops worth mentioning. A visit to the cherry orchards of both The Dalles and the Kennewick districts within the past few days leads one to believe the canning and processing plants will be idle for the most part of this year.

NOTICE OF SCHOOL ELECTION UPON QUESTION OF INCREASING TAX LEVY OVER AMOUNT LIMITED BY SECTION 11, ARTICLE XI, STATE CONSTITUTION

Notice is hereby given that an election will be held in School District No. 1CJ of Morrow County, State of Oregon, from 2:00 o'clock P. M. to 6:00 P. M. on May 17, 1951, at Heppner City Hall in said school district, for the purpose of submitting to the legal voters of said district the question of increasing the tax levy for the fiscal year 1951-1952 over the amount limited by section 11, article XI, of the Constitution of Oregon. OF THE RURAL SCHOOL DISTRICT.

The reasons for increasing such levy are:

The low tax base due to the fact that some districts lost their base and others could only be increased 6% per year while costs have gone up more rapidly during and after the war years. Increased costs due to increased cost of personnel, supplies, equipment, and services; to added services like transportation, hot lunches, music; to bring school physical plants and equipment up to meet the required standards.

The total base for all districts in the Rural School District is \$109,407.08 and the total to be raised by tax is \$310,356.00.

The amount of tax, in excess of the 6% limitation, proposed for said fiscal year is \$200,948.92.

Dated this 26th day of April, 1951.
