M. J. Stewart, better known as "Smiley" Lewis of Lake County, came here. While hunting up some cattle on Ray's Five Day a few days ago, he came upon a big bobcat. Down came Smiley's gun and the race was on. The cat threw a complete miss. It was his dog on the end. The dog and cat were running non-stop back when Smiley's gun three scatted down around both the dog and the cat. He had to

turn them loose to save the dog. The third time was the charm. Smiley kept the cat and started for the ranch but the cat died before he could get him broke to lead.

Frederick Miller, field representative of applications and loans division of BEA, spent Monday and Tuesday in the office of the Columbia Power Society at Monument. Miller is conducting a load study or forecast of the anticipated electric loads over the entire project area proposed to be served by the CPC in order to assist the administration in his future decisions regarding the project. These forecasts will be coordinated with those of the Bonneville power administration to assist in justification of the extension of electric facilities to this area. He was accompanied by Mrs. Miller.

Walter Bell wrecked his grandfather's Mrs. Jessie Betty) car when he struck a cliff near the Capen Bros. ranch April 14. He escaped without injury but the car was badly wrecked. Chuck Thomas wrecked his car near Services creek. He was taken to Wood for medical aid.

Earl Johns brought a combine from John Day the fore part of the week. He assembled it for Herman Thompson on Cottonwood. He was assisted by Tom Hollingson. Mrs. John visited Mrs. Grace Shrift and Mrs. Lola Shrift of Monument. She was accompanied by her uncle, Geo. Shrift. They also visited Mrs. John's mother, Fred Shank. Mr. Shank left this part of the country 63 years ago.

Mrs. Ed Sweek and son Michael of Hepner arrived Wednesday to visit her mother, Mrs. Daisy Shinn. Mr. Sweek came Friday evening to spend the week-end visiting relatives.

Mrs. Josephine Harrison and son David of Kluzia and niece Jean Westfall of Salem visited Mrs. Harrison's brother, Lynn Forrest.

Clara Mrs. Gregg and family and Miss Patsy Forrest were called to Portland Friday to see their son Gary before he is sent over seas. Gary enlisted in the navy several months ago.

CARDS OF THANKS

I am deeply grateful for the cards and letters received during my stay in the hospital. There were more than I can thank in person and am taking this means of letting all of you know how much they meant to me.
Mrs. Alva Jones.

I wish to express my sincere thanks to all who had a part in sending cards, letters and flowers to me during my recent illness in Providence hospital in Portland.
Marshall Lovgren.

We are deeply grateful to friends and neighbors for the many kindnesses tendered up in our recent bereavement and for the beautiful floral tributes to the memory of our beloved Ralph.
Ruth Marlatt Mrs. Alma Mor-

gan and family; Tom Marlatt and family; Ellen Wheeler and family.

We take this means of expressing our heartfelt thanks to our friends and neighbors for their expressions of sympathy, many

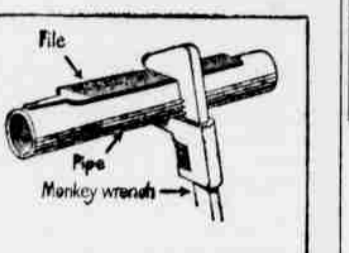

kindnesses, and for the cards and floral tributes to the memory of husband and father, Glenn Farrens.

Mrs. Glenn Farrens; the Walter Wright family; the Darrel Farrens family, and the Harry Owen family.

How To Make Simple Emergency Pipe Wrench

We seem to run into a lot of resourceful people. One of them, who keeps his storage tank full of Standard Automotive Diesel Fuel, told us how he repaired his storage tank pipe fittings with the emergency wrench diagrammed.

If you have a diesel truck, clean fuel is important in protecting injectors. That's why our Standard Automotive Diesel Fuel is specially handled to get to you as clean as when it left the refinery. It's a high-cetane, 100% distilled fuel.

Call us today about Standard Automotive Diesel Fuel. It'll give us a chance to show you the kind of service on which we've built our local business.

You've Got To Hand It To Sandy

Sandy Johnson's wife "Tiny" suddenly asks him at breakfast the other morning "Why don't you build me some bluebird houses?"

"What for?" asks Sandy. "Why for bluebirds, of course" says Tiny. "We always had 'em at home when I was a girl. May sound silly—but I sorta miss 'em."

Well, I know how busy Sandy's been lately and the thought of taking time out to build birdhouses could have made a lot of men blow their top. But not Sandy. He says, "No, Tiny. It doesn't sound silly. I think it's a wonderful idea—we're going to have bluebirds—and I'm starting on some birdhouses tonight."

From where I sit, we could do with more understanding people like Sandy—and Tiny, too. He respects her likings, and she respects his. He likes a temperate glass of beer now and then—and although Tiny sticks to coffee, whatever Sandy likes is O.K. with her. They live and let live—and that's why they live so happily.

To a small boy with a new hero

"Bang-bang!" screamed the playmates of young Hubert Lott. But Hubert seemed strangely aloof and un-shes.

They tried it again with: "I gotcha—you're dead." But Hubert just smilingly wagged his head.

"I've got a new hero," said ex-cowboy Lott. "I want you to meet him—his name's Kilowatt."

"For rescuing mothers, ol' Reddy is tops. He really is fast, and his work never stops.

"The way he saves payrolls is somethin' so ace, My mom says he charges the lieliest feet!

"Let's play Reddy Kilowatt—lay down your gun And coil up your rope, men, we'll really have fun."

PP&L electric rates are low! Yes, in spite of rising costs of almost everything else you buy, the average price paid for Reddy Kilowatt's services is 40% lower than in 1940. During the same period, other costs of living have gone up more than 80%.

PP&L rate cuts since 1940 have meant total net savings to customers of more than 18 million dollars. No wonder people here say: "Electric service is the biggest bargain in the budget!"
