LEGAL NOTICES

Notice of School Election in the Rural School District of Morrow County, Oregon, Upon Question of Increasing Tax Levy Over Amount Limited by Section 11, Article XI, State Constitution.

Notice is hereby given that an election will be held May 17, 1951, by the Rural School District of Morrow County, State of Oregon, in all component school districts of said Rural School District.

The election will begin at 2:00 P. M. and will be held in the school house or place designated by local board in each of said component districts. The purpose of the election is to submit to the legal voters of the rural school district the question of increasing the tax levy for the fiscal year beginning July 1, 1951, over the amount limited by Section 11, Article XI of the Constitution.

The reasons for increasing such levy are:

The low tax base due to the fact that some districts lost their base and others could only be increased 6% per year while costs have gone up more rapidly during and after the war years. Increased costs are due to increased cost of personnel, supplies, equipment and services; to added services like transportation, hot lunches, music; to bringing school physical plants and equipment up to meet the required standards. The total base for all districts in the Rural School District is \$109,407.08 and the total to be raised by tax is \$310,356.00.

The amount of tax, in excess of the six per cent limitation proposed to be levied by the rural school district of Morrow County, Oregon, for the fiscal year beginning July 1, 1951, is \$200,948.92.

Dated this 26th day of April, 1951.
Attest:
HENRY E. TETZ,
Secretary, Rural School Board
J. J. NYS,
Chairman, Rural School Board.

CALL FOR BIDS
Notice is hereby given that the Common Council of the Town of Lexington, Oregon, will on the 20th day of April 1951, at the hour of 7:30 P. M. of said day receive sealed bids at the City Hall at said Town of Lexington, to drill a ten inch well for said Town of Lexington. The successful bidder to furnish all casings, all equipment for such drilling and labor. All bids must be mailed or delivered to the Recorder of the Town of Lexington, Oregon, not later than 7:30 o'clock P. M. of said day. The Common Council reserves the right to reject any and all bids.

Dated this 9th day of April, 1951.
LA VERNE HENDERSON,
Recorder of the Town of Lexington, Oregon.

IT'S HERE! The New HOLLAND WIRE-TIE baler!

Before this new, one-man wire-tie baler was offered for sale it was fully tested from coast to coast under varied field conditions!

● The New Holland "80" will bale up to 10 tons per hour—more than double the capacity of ordinary wire-tie balers!

Not just a conversion of the famous "77" twine-tie, the Model "80" was designed from the ground up as a wire-tie baler. Its tying mechanism is fast and trouble-free. Pick-up and baling action are so gentle that the valuable leaves are saved. This means up to 50% more feed value . . . a better price for hay.

If you're in the market for a wire-tie baler, remember only the "80" gives you up to 10 tons an hour!

DOUBLE THE CAPACITY OF ORDINARY WIRE-TIE BALERS PLUS THESE EXCLUSIVES!

- Warning System**
When wire in the drum runs out, an automatic warning lets you know in plenty of time to prevent missing any bales.
- "Wet" or Dry Hay**
Hydraulic bale tension control, an optional feature, automatically allows for variations in moisture content of hay.
- New Holland Twist**
The Model "80" uses its "knot" in an "in-line twist." Neat and sturdy, this wire-tie lies flat—will not pull loose or uncoil.
- Roll-Away Bale Chute**
Standard equipment on the wire-tie "80," the roll-away bale chute tips bale far to the left out of the tractor's path.

With a New Holland "77" you can count on baling up to 10 tons of hay an hour. The "77" is rugged, simple in construction. It has 20% fewer parts and offers many improvements. Farmers agree there's no finer twine-tie baler!
