The American Way

A COURAGEOUS EDITOR

Hugh M. Prichard

March 31, 1953

To the publishers and editors of the media:

The recent events involving the media have once again highlighted the importance of an independent press. It is imperative that we continue to support and promote the values that underpin our democratic society. The American Way is a testament to this commitment. We encourage all media to uphold the highest standards of journalistic integrity and accountability.
