THREE MORROW COUNTY MEN AMONG 1465 SENIORS AT OREGON STATE COLLEGE

Thomas Joseph Doherty and Donald Edward Peterson of Ione and Henry Robert Krebs of Cecil, all seniors in agriculture, are among the 1465 seniors and graduate students to receive degrees at the 82nd annual commencement exercises at Oregon State college June 4.

A record-breaking number of 218 advanced degrees was conferred by President A. L. Strand. Of this number, 22 are doctors of philosophy and seven doctors of education—another new record in the number of doctor's degrees conferred in one year.

A total of 1247 bachelors of science and bachelors of arts degrees, representing four full years of study, also were conferred. In addition to the doctorates, advanced degrees included 135 masters of science, 12 masters of arts, 33 masters of education, three masters of home economics, two masters of forestry and four professional engineering degrees.

The Womens Society of Christian Service meets first Wednesday of each month at 8 p. m.

Suzanna Wesley Circle meets at 2:30 third Wednesday of each month.

SAFEGUARD
 their Condition
 with
LARRO

... and get Top Production
 Top Profits too!

You can't get sustained milk production... nor top profits... from your cows unless they're in top condition. To safeguard their condition, they need the full nutrient balance that Larro Dairy Feed provides. It builds strength and vitality... it helps cows develop husky calves and produce their full inherited capacity of profit milk. Thousands of actual Herd Check Profit Records prove that Larro, fed the Larro Way, pays a handsome profit over feed cost. Let us show you how to get these extra dollars from your cows.

THIS FIREPLACE Circulates Heat

WARM AIR
 COOL AIR

The Heatilator is a hollow steel form built into the fireplace. It saves and circulates heat wasted up ordinary chimneys. Eliminates common causes of smoking. Heats cabins in chilly weather. Saves labor and materials. Proved everywhere.

To Two-Job Tessie

To Tessie the Typist this life's quite a race,
 For she has both her office and home jobs to face.
 "With cooking and cleaning and typing," says she
 "A Jill-of-all-trades is what I have to be!"
 When friends ask her "How can you get so much done?"
 She answers: "With Reddy to help, it's just fun!

"He's a wizard at cooking, I tell you—what's more—
 He whips out the washing and sweeps up the floor!"
 "And when you consider the few cents he's paid,
 I wouldn't trade him for an old-fashioned maid."
 Yes, Tessie the Typist has Reddy to thank
 For a home, and a job that puts cash in the bank!

PP&L electric rates are low! Yes, in spite of rising costs of almost everything else you buy, the average price paid for Reddy Kilowatt's services is 40% lower than in 1940. During the same period, other costs of living have gone up more than 80%.
 PP&L rate cuts since 1940 have meant total net savings to customers of more than 18 million dollars. No wonder people here say: "Electric service is the biggest bargain in the budget!"
